ARMATHWAITE COMMUNITY SCHOOL

OUR SCHOOL VISION

“IT TAKES A WHOLE COMMUNITY TO RAISE A CHILD”

Armathwaite School is the centre for learning for people of all ages within it's community.

The children are at the heart of the community and their education is our core task.

We recognise and value the important role that parents/carers play in their child's education and we work together to achieve the best for each child.

We believe that every person, regardless of age, can learn from the experience and expertise of others.

We welcome people from the community into school to share their expertise with the children and we take out children into the local area to learn.

CELEBRATING OUR DIFFERENCES

We recognise and value each person's unique characteristics and strengths. We celebrate our differences. We believe that every child is entitled to a broad, rich and well-balanced curriculum allowing them to be successful.

We support each child in their further development according to their individual needs.

We strive to cater for multiple intelligences and achieve high standards in all areas of a rich curriculum.

Community School

We are committed to providing opportunities for our children to become aware of their role and responsibilities within their own community and to have a sense of belonging.

We want our pupils to be understanding and respectful global citizens thus making a positive contribution to our school and the wider world.

We aim to make our school a healthy school, giving our children the knowledge and understanding to be able to make informed choices for a healthy life style. We work together to ensure our safety and well-being.

We provide opportunities for them to apply their learning in new and creative contexts that are meaningful and purposeful.

OUR VISION

We plan and teach in a way that encourages our children to recognise their own and each others contribution to the learning process,

We recognise the important role our school plays within our community. It is a valuable resource, a centre for social and educational activities.

We strive to be a sustainable eco-school, providing the services and facilities to support the changing needs of our community.

We want our children to become life long learners, proficient in the skills and competences for independence in learning, with a thirst for knowledge and understanding that will enable them to thrive in an ever changing world.
