**Reading** - Children should aim to read each day.

**2, 5 and 10 times tables:** Children should aim to practise these times tables every single day including division facts. It is really important that they can recall all facts for these tables by the end of Year 2. We are very lucky to have [Times Table Rockstars](#) for children to practise these on in a fun and engaging way. Your child's log in has been sent to you via Class Dojo. Alternatively, '[Hit the Button](#)' is another wonderful app should the children like a change every now and again.

**Handwriting:** In Year 2, children learn to join their cursive letters. Children should practise keeping their letters the same size and relative to the size of the lines on their page. They should make sure their ascenders reach the top line and the descenders drop below the line. Please refer to the [animations on the link here](#). Children can watch the animations of the letter joins and have a go at practising themselves in their book.
