

**Armfield Academy
20th November 2025**

**Proposed extension of three classrooms to the main school (secondary site)
effective from September 2026.**

Background:

The school is looking to extend its PRIDE facilities through the construction of three classrooms in a new purpose-built block adjoining the main secondary school building. The proposed facility will not impact upon current admissions and present pupil numbers, but will allow for extended provision and an improved climate for students' learning, (please see diagram below of the proposed extension building).

The project is funded through Blackpool Council. As a result of this, Fylde Coast Academy Trust and Armfield Academy are seeking to consult on this project with our local community and other school partners.

How to respond:

The three-week consultation period will run from Monday 24th November 2025 until Monday 15th December 2025. You are invited to submit any comments you may have about the proposal either by:

Email – governance@fcat.org.uk or by post – FAO: Governance, Fylde Coast Academy Trust, Armfield Academy, Lytham Road, Blackpool, FY4 1TL.

Following the consultation period, Fylde Coast Academy Trust, in consultation with the local authority will consider any comments received.
