Introduction

What are malpractice and maladministration?

'Malpractice' and 'maladministration' are distinct but related concepts, the common theme being that they involve a failure to follow the rules of an examination or assessment. This policy and procedure uses the word 'malpractice' to cover both 'malpractice' and 'maladministration' and it means any act, default or practice which is:

- a breach of the Regulations, and/or
- a breach of awarding body requirements regarding how a qualification should be delivered, and/or
- a failure to follow established procedures in relation to a qualification

which:

- gives rise to prejudice to candidates, and/or
- compromises public confidence in qualifications, and/or
- compromises, attempts to compromise or may compromise the process of assessment, the integrity of any qualification or the validity of a result or certificate, and/or
- damages the authority, reputation or credibility of any awarding body or centre or any officer, employee or agent of any awarding body or centre (SMPP 1)

Candidate malpractice

'Candidate malpractice' normally involves malpractice by a candidate in connection with any examination or assessment, including the preparation and authentication of any controlled assessments, coursework or non-examination assessments, the presentation of any practical work, the compilation of portfolios of assessment evidence and the completion of any examination. (SMPP 2)

Centre staff malpractice

'Centre staff malpractice' means malpractice committed by:

- a member of staff, contractor (whether employed under a contract of employment or a contract for services) or a volunteer at a centre, or
- an individual appointed in another capacity by a centre, such as an invigilator, a Communication Professional, a Language Modifier, a practical assistant, a prompter, a reader or a scribe (SMPP 2)

Centre malpractice

'Centre malpractice' normally involves malpractice where there is an element of systemic failure, a breach in policies or widespread malpractice such that a centre-level sanction is appropriate (SMPP 2)

Suspected malpractice

For the purposes of this document, suspected malpractice means all alleged or suspected incidents of malpractice (regardless of how the incident might be categorised, as described in SMPP, section 1.9). (SMPP 2)

Purpose of the policy

To confirm Armfield Academy:

- has in place for inspection that must be reviewed and updated annually, a written malpractice policy which covers all qualifications delivered by the centre detailing how candidates are informed and advised to avoid committing malpractice in examinations/assessments, how suspected malpractice issues should be escalated within the centre and reported to the relevant awarding body; it must also acknowledge the use

of AI (e.g. what AI is, when it may be used and how it should be acknowledged, the risks of using AI, what AI misuse is and how this will be treated as malpractice) (GR 5.3)

General principles

In accordance with the regulations Armfield Academy will:

- take all reasonable steps to prevent the occurrence of any malpractice (which includes maladministration) before, during and after assessments have taken place (GR 5.11)
- inform the awarding body **immediately** of any alleged, suspected or actual incidents of malpractice or maladministration, involving a candidate or a member of staff, by completing the appropriate documentation (GR 5.11)
- as required by an awarding body, gather evidence of any instances of alleged or suspected malpractice (which includes maladministration) in accordance with the current JCQ document **Suspected Malpractice - Policies and Procedures** and provide such information and advice as the awarding body may reasonably require (GR 5.11)

Preventing malpractice

Armfield Academy has in place:

- Robust processes to prevent and identify malpractice, as outlined in section 3 of the JCQ document **Suspected Malpractice: Policies and Procedures**. (SMPP 4.3)
- This includes ensuring that staff involved in the delivery of assessments and examinations understand the requirements for conducting these as specified in the following JCQ documents and any further awarding body guidance:
 - General Regulations for Approved Centres 2025-2026
 - Instructions for conducting examinations (ICE) 2025-2026
 - Instructions for conducting coursework 2025-2026
 - Instructions for conducting non-examination assessments 2025-2026
 - Access Arrangements and Reasonable Adjustments 2025-2026
 - A guide to the special consideration process 2025-2026

Informing and advising candidates how to avoid committing malpractice in examinations/assessments

Throughout the mock examinations and up to the summer series SLT present information to students in assembly to reinforce the JCQ requirements for the examinations.

All year 11 students receive a pack with all information to prevent malpractice. This includes the use of AI in NEAs- pupils are told that the use of AI without acknowledgement is malpractice and it will be treated as a malpractice case in line with the JCQ document 'AI Use in Assessments: Protecting the Integrity of Qualifications- Guidance for teachers and assessors'.

Samantha Sherwood and Laura Harvey will complete the paperwork and inform the head of centre regarding any malpractice cases.

AI use in assessments

All teachers are given a copy of the JCQ document 'AI Use in Assessments: Protecting the Integrity of Qualifications- Guidance for teachers and assessors'. All teachers are aware of the technology and being vigilant around assessment work.

The following JCQ support materials are also used to help teachers understand and prevent AI misuse and to help students understand the rules for AI in assessments.

AI Training for teachers provided by the trust.

AI poster for students.

AI information to students document.

Candidates will be issued with of the JCQ **Information for candidates - AI (Artificial Intelligence and assessments)** or similar centre document prior to completing their work/prior to signing the declaration of authentication.

Identification and reporting of malpractice

Escalating suspected malpractice issues

Once suspected malpractice is identified, any member of staff at the centre can report it using the appropriate channels. (SMPP 4.3)

Laura Harvey (EO) will coordinate the paperwork required.

Any malpractice should be reported to EO immediately and evidence will be gathered. Samantha Sherwood (Assistant Head for Exams, Data and Progress) will help to gather information.

Head of centre, Mark Kilmurray, will be informed of and will sign off any malpractice cases.

Reporting suspected malpractice to the awarding body

- The head of centre will notify the appropriate awarding body immediately of all alleged, suspected or actual incidents of malpractice, using the appropriate forms, and will conduct any investigation and gathering of information in accordance with the requirements of the JCQ document **Suspected Malpractice: Policies and Procedures** (SMPP 4.1.3)
- The head of centre will ensure that, where a candidate is a child or an adult at risk and is the subject of a malpractice investigation, the candidate's parent/carer/ appropriate adult is kept informed of the progress of the investigation (SMPP 4.1.3)
- Form JCQ/M1 will be used to notify an awarding body of an incident of candidate malpractice. Form JCQ/M2 will be used to notify an awarding body of an incident of suspected staff malpractice/maladministration (SMPP 4.4, 4.6)
- Candidate malpractice offences relating to the content of work (i.e. inappropriate/offensive content, copying/collusion, plagiarism (including AI misuse) and/or false declaration of authentication) which are discovered in a controlled assessment, coursework or non-examination assessment component prior to the candidate signing the declaration of authentication, do not need to be reported to the awarding body.

Instead, they will be dealt with in accordance with the centre's internal procedures.

Malpractice by a candidate discovered in a controlled assessment, coursework or non-examination assessment where the offence does not relate to the content of candidates' work (e.g. possession of unauthorised materials, breach of assessment conditions) or where a candidate has signed the declaration of authentication, must be reported using a JCQ M1 to the relevant awarding body. If, at the time of the malpractice, there is no entry for that candidate (who the centre intended to enter), the centre is required to submit an entry by the required entry deadline. (SMPP 4.5)

- If, in the view of the investigator, there is sufficient evidence that an individual may have committed malpractice, that individual (the candidate or the member of staff) will be informed of all the required information and the accused individual informed of their rights and responsibilities (SMPP 5.33-3.4)
- Once the information gathering has concluded, the head of centre (or other appointed information-gatherer) will submit a written report to the relevant awarding body summarising the information obtained and actions taken, accompanied by the information obtained during the course of their enquiries (5.35)
- Form JCQ/M1 will be used when reporting candidate cases; for centre staff, form JCQ/M3 will be used (SMPP 5.37)
- The awarding body will decide on the basis of the report, and any supporting documentation, whether there is evidence of malpractice and if any further investigation is required. The head of centre will be informed accordingly (SMPP 5.40)

The head of centre will also inform the individuals if they have the right to appeal. (SMPP 11.1)
