

Year 11 Easter School Revision Sessions 2025

We are pleased to present Armfield Academy's Easter Revision School 2025. Please see the schedule below for details of the sessions that will be on offer each day. Students are reminded that a prompt arrival is necessary in order to maximise learning time and that a packed lunch is needed should students plan to stay for the day as there will be no time to leave the site and return. The doors will be manned by staff at the start and end of each session.

Students are invited to wear non uniform but are reminded that phones will not be allowed as per the academy's phone policy. We encourage students to speak with their teachers in order to identify which sessions will be most useful for them.
