PREPT Hospitality and Catering Workshops

A Fantastic Learning Opportunity for KS4

This week, our KS4 students had the fantastic opportunity to take part in a series of PREPT Hospitality and Catering workshops, led by professional chef Jade Moncur.

Throughout the sessions, students were introduced to a range of professional kitchen techniques and practical skills, gaining valuable hands-on experience and insight into the hospitality and catering industry. The workshops were extremely beneficial, helping students to develop their understanding of the industry, build their confidence and strengthen the practical skills needed for their KS4 studies.

Our ADT staff also gained a great deal from working alongside Jade, making the sessions a valuable learning experience for everyone involved.

Jade was full of praise for our students, particularly commenting on their excellent behaviour, enthusiasm and engagement throughout the workshops. She was also incredibly complimentary about our ADT team and the support they provided.

We are delighted with how successful the workshops have been and look forward to continuing our partnership with PREPT. As the year progresses, we hope to offer further opportunities for our students to take part in additional workshops, extending their skills and giving them even greater insight into this exciting industry.
