Our Learning and Environment

Toast is available daily and can be ordered using the MCAS App. We have set up a ClassDojo App; where we post updates, photos and you can contact staff.

You can help your child by reading with them at home. Your child will bring home a Read Write! book that they have been working on all week and a story book that will be matched to their reading assessment. If you read with your child, please message us on Dojo as points means prizes!!
