- 4) Some of the physical geographical features found in the Peak District are hills, dales (valleys), rivers and woods.
- 5) Some of the human geographical features found in the Peak District are towns, villages, roads, footpaths and houses.
- 6) The Peak District is a popular place for tourists to visit.
- 7) Some of The Peak District's towns are: Buxton, Bakewell, Matlock and Ashbourne.
- 8) The Peak District's reservoirs, such as Ladybower and Carsington Water, supply surrounding towns and cities with water.

Key Geographical Vocabulary	
National Park	An area of countryside (or occasionally sea or fresh water) protected for the enjoyment of the public or the preservation of wildlife.
Town	A built-up area with a name, boundaries and local government, that is larger than a village and generally smaller than a city.
River	A large naturally flowing channel of water that flows to the sea, a lake or another river.
Stream	A small, narrow flowing channel of water.
Reservoir	A natural or manmade lake that is used to collect and store water.
Farmland	Land used for farming crops or animals.
Hill	A naturally raised area of land, not as high as a mountain.
Valley	A low area of land between hills or mountains, typically with a river or stream flowing through it, caused by a glacier.
Tourist	A person who is travelling or visiting a place for pleasure.
Countryside	The land and scenery of a rural area.

## Peak District OS map

Can you find... - a river? - a main road? - contour lines showing change in height? - woods?
