DARE Graduation 2021

Dear Parents and Carers,

It seems a lot longer but Year 6 have now completed their 10 week DARE programme. All of the staff are extremely proud of them and on **Monday 13th December 2021** we will be having a DARE graduation where your children will showcase some of their learning and celebrate their achievements. Due to the ongoing restrictions, this will be recorded on MS Teams and then uploaded to your child's team ASAP for you to view with your child.

At the graduation your child may bring £1 for a special "DARE Souvenir." This will be a lucky dip but everything contained in the bag will be worth £1 or more! If your child would like to take part in this please send them with £1 on Monday morning. However, this is not an expectation, it is up to you and your child to decide.

Finally, if you could please complete this survey for Life Skills Education. It is important that we all keep reviewing our practises and make changes where necessary.
