20th July 2021

Dear Parent/Carer

As a school we follow White Rose Maths and they have teamed with Morrisons supermarkets to offer a **FREE** workbook for your child(ren) to use during the summer to help them revisit and consolidate their understanding of some key mathematical concepts. The workbooks contain a link to the answers, too. From the conversations with teachers and your child's school report you will know which book is most appropriate for your child(ren) but if you need any more guidance please speak to your child's current class teacher.

You can collect the book(s) from 26 July onwards, all you need to do is to call in at the 'Children's Little Library' in your local Morrisons store during your regular shop. Families are welcome to take one free copy per pupil from Y1 to Y6.

More information can be found here: <https://whiterosemaths.com/morrisons/>

Have a great summer and we look forward to working with your children next academic year.

Mr Robinson and Mr Booth

Maths Coordinators

White Rose Maths is proud to team up with leading supermarket, Morrisons, to give primary pupils a series of exciting and **FREE** workbooks to use at home. These colourful and engaging workbooks are perfect for revisiting and practising work that children have covered earlier in the year, or to prepare them for the new school year ahead.
