

F1 Overview for Summer Term

Here are some of the themes we will be exploring over the coming months:

We will be learning the names of familiar mini-beasts. We will also be learning about the lifecycle of a butterfly and have our own class caterpillars to observe!

We are going to be learning more about the world around us! We will focus on where we call home, learning about pets, farm animals and things that live under the sea.

We will continue to watch plants grow. We will help to plant seeds and bulbs and learn how to look after and show care for living things.

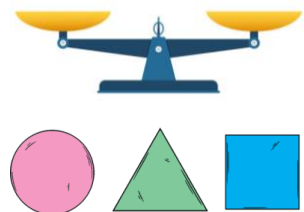

Our Themes: Marvellous Mini-Beasts

Our Planet

In maths we will continue to look at numbers up to 5. We will also look at more and fewer, weight and capacity and do more work on 2D shape.

We will be learning about different festivals and traditions:

We will continue to look at changes in the weather and season.
