

Hello There

Welcome back to school!
We've missed you so much.

How many rainbows can you find?

We have missed you so much!

Mrs Adair and I are looking forward to seeing you!

What changes have there been?

- Things have been quite strange for the past few weeks, and we've had to stay at home a lot.
- Now we're coming back to school and things are a little different, but some things are the same.
- Let's talk about...

What is **different**?

What is the **same**?

Things that are different

- We won't all gather together for assemblies, lunch and play times
- We still need to keep social distancing
- We will be working in smaller groups
- Not everyone will be back in school at the same time
- We will have less equipment to use

Things that are the same

- We still have all the same friends, some will be at school and some will stay at home a bit longer
- We have the same teachers and school staff but some of us are working in different areas
- People at school will still care for us and keep us safe

What's happening now

Schools have been partially closed for a little while, but from the 1st of June schools will be open again for Nursery, Reception, Year 1 and Year 6. Key worker children will still come in to school.

Some of the places we go to like cinemas, playground and cafes might stay closed for a while but hopefully they will open again soon.

We are allowed to go to the supermarket, meet with 1 or 2 people as long as we keep two metres apart and exercise as much as we want!

What has stayed the same

Lots of things have stayed the same

- We can still go out for walks
- We still live in the same place
- We still have all our things around us.
- We still have people to love and care for us.

How we are going to stay safe in school

- Coronavirus is passed from person to person, so for a while we have to stop doing some things like:-

Giving high fives

Shaking hands

Being really close to other people

Hugging our friends

Instead we can...

Wave to each other

Hug ourselves

Thumbs Up

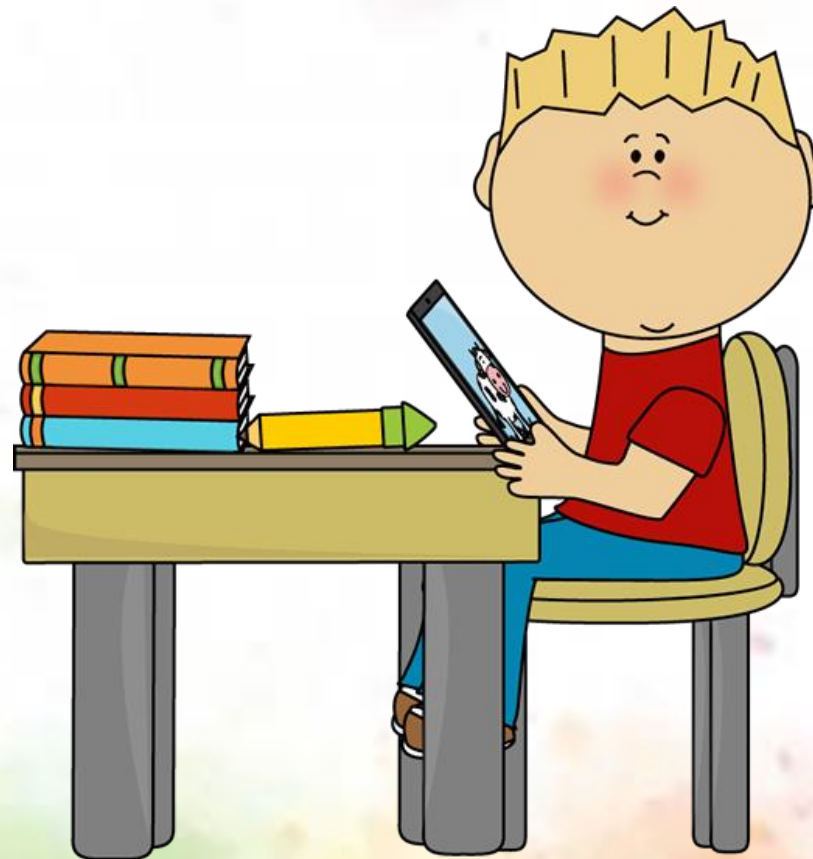

Smile lots

How we are going to stay safe in school

Social Distancing

Working at the same table each day

Washing our hands regularly.

During lockdown there has been lots of people working hard to keep us all safe and healthy – can you think of any more?

Doctors

Nurses

Teachers

Teaching assistants

Supermarket workers

Bin workers

Fire fighters

Ambulance drivers

Engineers

Nursery workers

Social workers

Midwives

Care workers

Police officers

Armed forces

Rail workers

Bus drivers

Farmers

Do you have any worries or fears?

- Sharing is caring
- Tell the rest of the class, probably everyone is feeling the same way, and we can talk about it together
- Remember it is completely normal – you can always tell an adult anytime you like

You don't need to feel worried because:-

- Grown ups will keep you safe
- You are special and loved
- We are going to have fun together

When you arrive/leave school

- Please make sure you **follow the social distancing guidelines** that have been put in place
- Please only **arrive at school at the allocated time** with a named sun hat (which can stay at school) and a water bottle
- **Please stay with your adult** until we wave and welcome you in through the white double doors.
- We will keep your reading books at school
- At pick up please quickly leave the school playground and **don't congregate outside**
- Finally, please **follow the one way system** when walking to and from school

We can't wait to see you!

How many rainbows did you count?
