<ul style="list-style-type: none"> Carried over to next year for planned outdoor gym equipment to meet popular pupil demand and encourage increased active play at break times and lunchtimes for all our pupils as well as providing extended curriculum opportunities 		£3000	To further enhance the opportunities for children to have physical exercise during break times. To keep engagement with physical activity at high levels.	One off payment in the next academic year. The provision of fixed outdoor exercise equipment will ensure that pupils can continue to enjoy sports through break and lunch breaks, maximising opportunities and creating an active, healthy culture.

Our strategy, in using the money, has been to develop an enjoyment of sport and physical activity, coupled with promotion of a healthy lifestyle, for all the children in school.

The school remains aspirational that all pupils throughout the school are actively engaged in some additional sport or physical activity as a direct result of experiences enjoyed through our sport provision during 17/18. HT monitoring, teacher assessment, participation records, children's feedback and tournaments results provide an encouraging evidence base. We have a 100% participation rate which enables children to find activities which they enjoy, encouraging them to lead healthy active lifestyles.

Overall the funding has made a positive difference for all the children through increasing participation in sport. Staff continue to develop a greater skill set in delivering a range of Sports & PE activities. It is fair to say without the grant, the children would not have been able to achieve so much; it is greatly appreciated.
