Total spent up to date- £13, 225.39

Payments outstanding- Cumbria Cricket coaching sessions- still be invoiced

July'21

Our strategy, in using the money, has been to develop an enjoyment of sport and physical activity, coupled with promotion of a healthy lifestyle, for all the children in school.

The school remains aspirational that all pupils throughout the school are actively engaged in some additional sport or physical activity as a direct result of experiences enjoyed through our sport provision during 20/21. HT monitoring, teacher assessment, participation records, children's feedback and tournaments results provide an encouraging evidence base. We have a 100% participation rate which enables children to find activities which they enjoy, encouraging them to lead healthy active lifestyles.

Overall the funding has made a positive difference for all the children through increasing participation in sport. Staff continue to develop a greater skill set in delivering a range of Sports & PE activities. It is fair to say without the grant, the children would not have been able to achieve so much; it is greatly appreciated.
