Key indicators-

'Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

'There are 5 indicators that schools should expect to see improvement across:

- 1. The engagement of all pupils in regular physical activity- The Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school.**
- 2. The profile of PE and sport is raised across the school as a tool for whole-school improvement.**
- 3. Increased confidence, knowledge and skills of all staff in teaching PE and sport.**
- 4. Broader experience of a range of sports and activities offered to all pupils.**
- 5. Increased participation in competitive sport.'**

July'22

Our strategy, in using the money, has been to develop an enjoyment of sport and physical activity, coupled with promotion of a healthy lifestyle, for all the children in school.

The school remains aspirational that all pupils throughout the school are actively engaged in some additional sport or physical activity as a direct result of experiences enjoyed through our sport provision during 21/22. HT monitoring, teacher assessment, participation records, children's feedback and tournaments results provide an encouraging evidence base. We have a 100% participation rate which enables children to find activities which they enjoy, encouraging them to lead healthy active lifestyles.

Overall the funding has made a positive difference for all the children through increasing participation in sport. Staff continue to develop a greater skill set in delivering a range of Sports & PE activities. It is fair to say without the grant, the children would not have been able to achieve so much; it is greatly appreciated.
