Friday 23<sup>rd</sup> April 2021

Dear Parents/Carers,

## Maths Homework

As we approach the end of Year 5, we would like to prepare the children for the homework expectations of Year 6 and to also address the area of problem solving which many of our pupils find challenging.

Today your child will be sent home with a KS2 Maths Problem Solving book. This book will be highly beneficial and will help to make a difference to your child's progress. The book contains a series of short 10-minute tests. Your child needs to complete one test a week, starting with test 1 this week. We will then go through the answers in class every Friday, therefore giving your child a full week to complete the test.

The tests become a little more challenging each week so you may find that your child needs longer than 10 minutes to complete each test as they progress through the book.

If you have any questions regarding the maths homework books, please do not hesitate to contact me via email.

Thank you for your continued support,

Mrs Keown
