WHY CHOOSE TO STUDY WITH US?

Student Support and Advice

The Higher and Adult Education Centre at Ashton Sixth Form College has achieved national standards for information, advice and guidance and provides comprehensive information to assist students, not only with their choice of course but also on potential career paths or the move to university.

At enrolment you will receive one to one information, advice and guidance from our enrollers on the course/s you wish to study and advice on the options for financial support whilst studying.

Our Admissions Team are available by email, telephone or in person by appointment if you wish to speak to someone at any point in the year.

Experienced and Committed Staff

The Higher and Adult Education Team are all well qualified and many of them continue to be practitioners in their own field of expertise. This means that their skills and experience remain current and that they can supplement their teaching with real life examples.

A Commitment to Student Progression

The staff aim to equip all students with the skills and knowledge to enable them to progress to the next level of qualification. Our curriculum has been developed to enable students to progress from introductory courses through to Foundation Degrees and beyond.

Exceptional Support

We take great care to offer and provide support to ensure that each student has the opportunity to successfully achieve their chosen qualification. We make an assessment of your needs, skills and abilities at the start of your course to ensure that we can support you in the best way possible whilst studying with us.

Excellent Facilities

We take great pride in our facilities at Ashton Sixth Form College. We have our own Higher and Adult education building with modern classrooms equipped to a very high standard and dedicated teaching areas for adult learners. We also have substantial parking facilities, IT suites, a coffee shop and a well stocked library which is open during the evenings so that adult students can benefit from the resources including computer and internet access, up to date books and journals and CD and DVD hire.

New courses are being added all the time, for up-to-date course information please call the Admissions Team on 0161 666 8215.

Coming soon—Return to Study short course

Have you ever wondered what it's like to study in Adult and Higher education? Maybe you want to return to education but are worried you don't have the right skills and qualifications? Well, you have come to the right place. We are offering a new short taster course to help you develop your confidence and skills. Our Higher and Adult Education courses are designed to help you figure out where you want to be and point you in the right direction to get there.

How will the Higher and Adult Education courses help me?

You don't necessarily need certain qualifications to apply, and many who complete our courses go on to foundation or degree-level programmes. This course will help you with:

- A career change or developing your skills and gaining the qualifications if you want to move up the job ladder
- Develop your academic writing, referencing, and critical thinking skills.
- Finding your feet again if you have been out of education for a long time.
- Meet like-minded students and get a feel for life at Ashton Sixth Form College.

Coming soon—Essential Digital Skills course

An estimated one in five adults lack basic digital skills. To address this skills gap, from August 2020 the Department for Education (DfE) is introducing an entitlement for adults to fully-funded digital skills qualifications.

These digital skills qualifications will be targeted at adults aged 19+ and are intended to support adults to help develop the digital skills they need for life, work or further study.

From January 2021, this course will offer adults the opportunity to develop their digital skills with the Essential Digital Skills qualification. Students will be assessed in line with the national standards for Essential Digital Skills that cover five skills areas. The qualifications will be available at Entry, Level 3 and Level 1.

- Using devices and handling information – Understanding hardware, software and operating systems. **What**
 - Communicating – Understand how to communicate effectively using electronic communications such as email and video calls.
 - Creating and editing – Creating different types of digital media such as images, videos and audio files.
 - Being safe and responsible online – Understand the importance of your digital wellbeing and learn about privacy and data protection.
 - Transacting – Understand how to purchase an item or using a service. This includes digital verification checks and successfully completing online forms.
