02 MARCH  
2020

## NATIONAL CAREERS WEEK

Mr Wallis, our senior leader in charge of careers, has an exciting week planned for all students next week.

During National Careers Week (2nd-7th March) we will be showcasing how each of the subjects taught at Ashton can lead into a multitude of careers. All students will take part in their normal curriculum but each subject will focus on how the knowledge and skills developed in that area of the curriculum leads into a whole host of different jobs or sectors of industry.

Some faculties will be having visitors from industry in their lessons to talk to students about how they have used what they learned in the classroom in their careers. Staff will spend time explaining their varied career paths to their classes and there will be a careers quiz running all week, contributed to by all faculties.

The main aim of this week is to make what is taught in school relevant to students when they think about what they want to do in the future and to build on the idea that school is there to help prepare them for being successful adults in the future.

### Upcoming Events:

2nd-7th March - National  
Careers Week

5th March - World Book  
Day

2nd April - Y10 Parent's  
evening 2

3rd April - School closes  
for Easter at 3pm

20th April - School  
reopens

30th April - Y8 Parent's  
evening

# LOVE LIFE, LOVE MATHS

At Ashton, we believe in an enhanced curriculum where students, in and away from the classroom, are able to Love Life and Love Maths. Maths takes a vital role in our daily lives from everything from our technology to going out shopping.

## So what is going on in Maths?

We are preparing for our visit to the Maths Live Conference taking place in Disneyland Paris. Here, students will hear about how the GCSE Mathematics curriculum links take a role in creating an experience for people's entertainment as well as the effect of gravity and weightlessness.

Of course, there will be some time for loving life as the students enjoy the park and watch the Disney illuminations and fireworks.

We took part in the first ever Maths Week England this year and are already planning for 2020. Maths Week England is all about allowing students (and parents) of all ages and backgrounds to enjoy interesting mathematical experiences. Our termly maths days are a huge success where students come together to complete challenges in our inter-house competition. **The current scores stand at:**

1<sup>st</sup> place

2<sup>nd</sup> place

3<sup>rd</sup> place

3<sup>rd</sup> place

4<sup>th</sup> place

5<sup>th</sup> place

We are supporters of the United Kingdom Mathematics Trust and are preparing for the regional finals to take place on the 22nd April. Students in Year 8 and 9 are undergoing our Ashton team challenge first with the winners going on to represent our school.

We have just had our results back for the Intermediate Challenge (year 9 and 10 entered) and are pleased to announce that the following students achieved an award.

Ashton Charles      Brandon Bryans      Finlay Walbank

Selin Mawdsley      Joshua Parkinson      Jack Marshall

Jack shall be going on to represent our school in the next round!

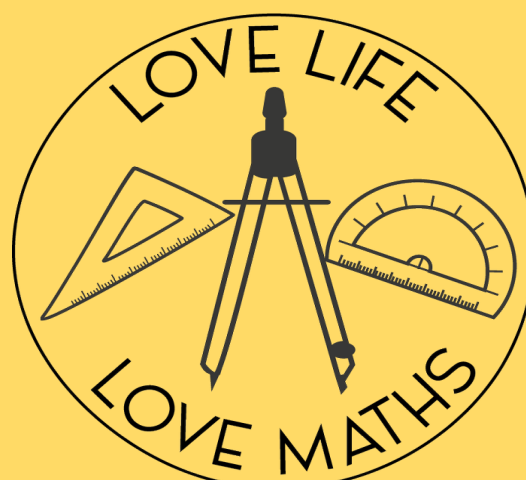

We have just started studying statistics with our Year 10 students. Exploring analysing data and trends in the real world. Our young statisticians are learning to question the data and information that floods our lives, testing it for its accuracy and reliability.

Our weekly maths puzzle is a highlight of everyone's week with answers flying in all around the clock!

Have you tried this week's?

Take it to Mr Fern for a smiley.

Finally, we love to award our students for their devoted efforts.

**Last half term maths champions are as follows:**

<u>Year 7</u>	<u>Year 8</u>	<u>Year 9</u>	<u>Year 10</u>	<u>Year 11</u>
Cerys Richardson	Vim Manatunga	Millie Lowe	Sam Dale	Kristen Chen
Harry Scott	Jenny Lee	Tyriece Frye	Keira Tyson	Eryk Kuszynski
Daniel Shipman	Emmanuel Olurotimi	Eve Brown	Aidan Worrall	Jake Walton
Cara Beard	Martha McClaren	Harry Stephenson	Kate Spavold	Ben Blackburn
Ryan Nicholls	Jacob Holley	Liam Halliday	Owen Downes	Hashir Iqbal
Courtney Mason	Matthew Garstang	Isaac Rotherham	Nadine Critchley	Jude Roberts
Hayley Eastham	Edgar Alves	Jessica Williams	Heather Bamber	Holly Briggs
Macey McBride	Anjela Mincheva	Sam Scott	Ella Charnley	Isobel Johnson
Oliver Burton	Keira Leigh	Gracie Noone	Faye McCullough	Taylor Price
Cameron Kay	Maklaine Bottomley	Kyson Scowcroft	Tim Olurotimi	Chloe Rigby
George Gregson	Corey Fowler	Makenzie Martin	Robert Casey	Jay Davies
Thomas Shaxon	Sophie Wright	Aidan Lakha	Connor Wright	Natasha Emmett
			Megan Wright	Ben Richardson
			Keaton McMillan	Dan Thompson

# WONDERFUL WEDNESDAY

Kate and Maia were awarded in Wonderful Wednesday as they had the brilliant idea of raising money for Manchester Children’s Hospital. They wanted all staff and students to wear something Green for a donation of £1. The girls chose green as this is the colour that represents the hospital. The girls were nominated by Mrs Barrow for all their hard work and setting a great example for other students. As a school we were all so impressed with their thoughtfulness, organisation and dedication, this really embraces why we are a school to be PROUD of! Very well done girls. We hope you are as proud of yourselves as we are of you!

# INTRODUCING OUR STAFF ...

Mr Woodcock

**What's your job role in school?**

I teach maths and finance and am head of maths and associate assistant head teacher responsible for curriculum impact. I have worked at Ashton for 11 and a half years.

**What did you do before you started working at Ashton?**

I worked at a school in Blackpool for 3 years which was my first teaching job.

**What is the best thing about working at Ashton?**

The support that all staff give to each other and the big whole school events such as sports day and Docks to Disney.

**Describe Ashton in 3 words.**

Friendly, fun, unique

**What book are you currently reading?**

It's not really a book as I usually listen to audiobooks but I'm currently reading this months edition of The Cricketer magazine.

Mr Glover

**What is your job role at Ashton?**

I teach maths and finance.

**What did you do before you started working at Ashton?**

I worked at a school in Skelmersdale as a science and maths teacher. Before that I worked as a Fisheries Officer for the Environment Agency.

**What is the best thing about working at Ashton?**

All the fantastic friendly staff and students.

**Describe Ashton in 3 words?**

Effective, caring, family.

**What book are you reading at the moment?**

Val McDermid series of detective fiction.

Various maths related texts.

"A dogs guide of how to train your human"

Victorian Britain

A book about the Bedlam lunatic assylum.

Shardlake series of medieval thrillers.

Turning the tide on plastic

Screwfix catalogue.

Plus a number of others!

# Student Focus- Joe Singleton

**Joe attends Police Cadets so we asked him the following questions...**

## What cadets do you attend?

I go to the Police Cadets. I'm part of the West Lancashire division. We do our training at Preston College. I've been going once a week, for nearly a year.

## What activities do you do whilst at cadets?

The activities are different every week, at our last session we had fire training from a company call Phoenix Fire, they taught us how to use fire extinguishers properly and effectively. Another activity we recently did was role-plays which involve victims, suspects and police officers in a scenario which we act out. We also help at Charity events .

## What made you want to join the Cadets?

Originally I wanted to be in the Royal Navy so I attended Navy cadets. In 2019 I found out I had autism, this meant I could not be in the Royal Navy so I resigned and went to my plan B of being in the Police Cadets.

## How did you join the cadets?

I knew someone who was already in the Cadets so I asked him how to join. I went to a website call VCP (volunteer Police Cadets) and filled in an application form. Once this has been filled in it can take between 2-3 weeks to find out if you have an interview. Luckily I found out within a day!

## How has being in the cadets helped you in everyday life?

It has helped me in lots of different ways. If I see someone struggling I want to go and help them. I also have the training to help, we all have first aid training so I would know what to do if someone was injured and needed help. It has massively improved my confidence to.

## What do you enjoy about the cadets?

There is a nice friendly atmosphere. All the people who go to Police Cadets are amazing and kind especially the leaders.

## What have you learnt at cadets?

I have learnt how to take statements. I've also learnt how to make entries in a pocket notebook and the phonetic alphabet.

## What book are you currently reading?

I am currently reading Cirque de Freak by Darren Shan

## What is your favourite subject at school and why?

My favourite subject is History. I enjoy learning about what life was like before I was born.

## How can other people join the Cadets?

They could join through the website and application form. Or if they wanted more information they could ask their neighbourhood PCSO or speak to someone at the Police station, they would happily help! You have to be between 13-18 years old to join

# GO GREEN!

Just before half term Ashton CSC went green in response to the Spavold sisters call to raise awareness and money for Manchester Children's Hospital.

As usual team Ashton came together as a community to support the cause and raised a massive £455.93. The Year 7 charity account will top this up to £500.

A massive thanks to all for your contribution.

A big shout out to our staff cake makers Mrs Baldwin and Miss Mohammad for their collective £36.00 raised - especially as it was parents evening the night before - that was some late night baking from them!!!

Faith and Keisha Y7 also donated their homemade wares, supporting the Spavold family effort - all cakes were sold out before the end of break!

The ever reliable Belle, Chanel and Issy toiled through their lunchtime, painting faces for those who like a bit of fun!

For those who bought a green ribbon brooch, donned an item of green or who just popped their pound in the pot, we could not have done it without your donation.

The Spavold sisters are a great example to us all - it was their idea and they were brave enough to run with it!

# WHAT'S YOUR CHILD EATING AT LUNCHTIME?

Week  
**2**

02/03/2020

—

06/03/2020

## Traditional Meal Deal

Monday Pork Meatballs in a Spicy Arrabiata Sauce with Pasta & Homemade Garlic Bread  
Tuesday Chicken & Leek Pie with Baked Baby Potatoes, Carrots, Broccoli & Gravy  
Wednesday Roast of the Day with Roast & Creamed Potatoes & Seasonal Vegetables  
Thursday Honey Glazed Gammon & Pineapple with Garlic & Herb Potatoes & Garden Peas  
Friday Crispy Battered Fish & Chips with Mushy Peas

## Traditional Meal Deal

Monday Crispy Chicken Goujon & Tomato Salsa Wrap with Paprika Potatoes & Mixed Salad  
Tuesday Beef & Sweet Potato Curry with Mixed Rice & Coriander Naan Bread  
Wednesday Sticky Chicken in Honey, Ginger and Soy with Soft Egg Noodles  
Thursday Beef Chilli Tortilla Basket with Baked Potato Wedges & Mixed Salad  
Friday Thai Chicken & Vegetable Curry with Mixed Rice

## Vegetarian Meal Deal

Monday Vegetarian Sausages & Onion Gravy with Creamed Potatoes, Green Beans & Carrots  
Tuesday Cheddar Cheese Quiche with Baby Baked Potatoes & Mixed Salad  
Wednesday Veggie Spring Roll with Sweet Chilli Vegetables & Soft Egg Noodles  
Thursday Garlic, Mushroom, Spinach & Mascarpone Pasta with Garlic Bread  
Friday Homemade Chilli Cheese & Red Onion Pizza with Chips & Mixed Salad

## Dessert of the day

Monday Apple & Berry Crumble with Ice Cream, Chocolate Cookie, Fruit, Yoghurt or Juice  
Tuesday Peach Melba, Lemon & Ginger Shortbread, Fruit, Yoghurt or Juice  
Wednesday Chocolate & Mandarin Sponge with Custard, Ginger Cookie, Fruit, Yoghurt or Juice  
Thursday Mixed Berry Fool with Biscuit Crunch, Chocolate Muffin, Fruit, Yoghurt or Juice  
Friday Jam Sponge with Custard, Raspberry Bun, Fruit, Yoghurt or Juice

A Choice of Hot Filled Sandwich Meal Deal or Filled Jacket Potatoes are also available on a daily basis.

Catering at Ashton Community Science College is provided by Lancashire County Council School and Residential Care Catering. We care about the food your child eats at lunchtime and constantly seek improvements to ingredients and menus.

Thursday Veggie Quorn Chilli with Mixed Rice & Nachos  
Friday Baked Macaroni Cheese Gratin with Homemade Garlic Bread & Mixed Salad

## Dessert of the day

Monday Jam Sponge with Custard, Cherry Cookie, Fruit, Yoghurt or Juice  
Tuesday Lemon & Ginger Shortbread, Chocolate Muffin, Fruit, Yoghurt or Juice  
Wednesday Vanilla Sponge with Chocolate Sauce, Fruity Flapjack, Fruit, Yoghurt or Juice  
Thursday Carrot Cake Muffin, Chocolate Cookie, Fruit, Yoghurt or Juice  
Friday Apple Pie with Custard, Raspberry Bun, Fruit, Yoghurt or Juice

A choice of hot or cold filled sandwich or filled jacket potato are also available on a daily basis.

## Locally Sourced Food

We buy local produce to support local businesses and reduce food miles.

100% of our food suppliers are classed as local and 75% of our food purchases are produced in the UK. Our service recognises the value and importance of sustainable and responsible food sourcing.

Our aim is to positively influence the diet of our children and young people, and always consider where the food we put on the plates comes from and how it was produced.

## Special Diets and Allergies

It is our policy to provide a menu for those pupils with medically diagnosed food allergies, food intolerances or a medical condition which affects eating requirements.

Special diets are diets for pupils with a medically diagnosed requirement, not just a dislike of certain foods or food groups.

For further information regarding allergies and special diets, please visit [www.servinglancashire.org.uk](http://www.servinglancashire.org.uk)

10 MINUTES LATE EACH DAY = 6.5 DAYS LOST

15 MINUTES LATE EACH DAY = 10 DAYS LOST

20 MINUTES LATE EACH DAY = 13 DAYS LOST

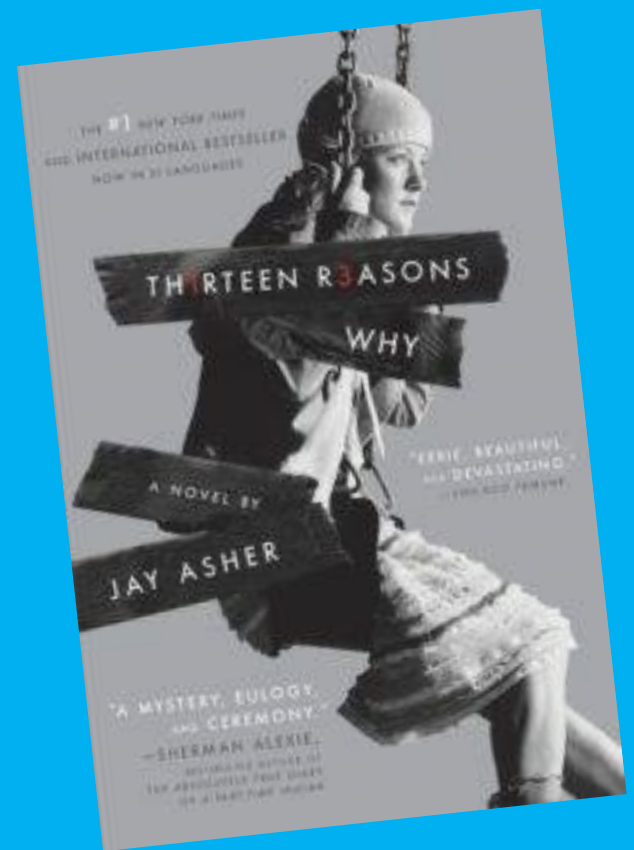

30 MINUTES LATE EACH DAY = 19 DAYS LOST

# THIS WEEK'S RECOMMENDED READ!

## Thirteen Reasons Why

Hannah Baker has committed suicide. She's left cassette tapes with Clay Jensen, her crush, to tell him that he's one of the reasons why she ended her life. Clay must embark on an emotional journey with Hannah as his guide as he learns the truth behind her decision.

## ACCELERATED READER PROGRESS

Accelerated Reader is proving to be a huge success at Ashton. In year 7, 78% of pupils have made accelerated progress since September. There are so many individual success stories it is hard to mention them all. We have pupils who have read books that challenge them academically and pupils who didn't enjoy reading but now love nothing more than being immersed in a story. The pupils below however, deserve a special mention as they are the top 7 in the year for progress.

Keep your eyes peeled over the next few weeks for the success stories from year 8 and 9.

9

# ASHTON ALUMNI

## INTRODUCING... HEENA PANCHAL

*When did you leave Ashton?*

2009

*What are you doing now?*

I am a senior Scientist at AstraZeneca. My role is quite varied, currently I am looking at improving the Chemistry for a phase 3 drug that will be manufactured for clinical trials next year.

I get to work alongside some really talented people so I am always learning something new.

*What qualifications, skills or experience do you need to get where you are?*

I did Maths, Chemistry and Biology A-levels, and then went to study for an integrated Masters in Chemistry at the University of Manchester. After I graduated I moved to the University of Nottingham to do my PhD, which I completed last year.

*Can you offer any advice to our students?*

I have had quite an academic path to get here and it has been incredibly tough. My advice would be to persevere and be resilient, because it is all worth it afterwards. I love my job and as hard as the last few years were I wouldn't change a thing.

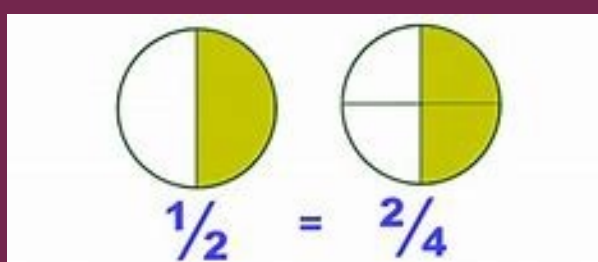

## WORD OF THE WEEK

### Equivalent

As an adjective

Definition Equal in value, amount, function, meaning.

Example: "Both children were given equivalent amounts of pocket money."

10

# BEDROCK LEARNING

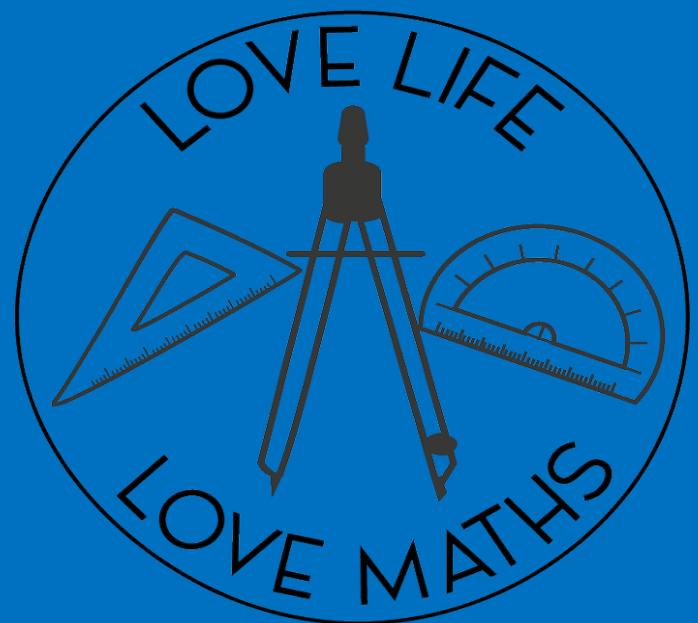

We are transforming Year 9 homework in English. We will now be using an online programme called Bedrock Learning. Year 9 will complete digital lessons that include fiction and non-fiction texts; they will also complete fun learning activities, games and quizzes to help develop an understanding of ambitious vocabulary. Parents, we recognise that you want to support your child in their reading and vocabulary growth but often are unsure of how to help. We will provide a login for you to access your child's account and support their development. There is also an app that you can download.

## MATHS CHALLENGE

Johnny Leaper was born on the 29th February 2012.

1. On his third birthday, how old will he really be?
2. In which year will his age be the square of his birthday?
3. In which year will his age be the cube of his birthday?

Take your answer to Mr Fern in Room 25 for a smiley.

The solution to last's week's puzzle = 5, 248  
Well done if you got it right!

11

# HOUSE CHAMPIONSHIP SYSTEM

1st place - 6912

2nd place – 6798

3rd place – 6216

The House System at Ashton gives students the opportunity to work together with their peers under their own house banner. Every student and member of staff is assigned to a house named after a PROUD PRESTONIAN past and present. Students can earn valuable house points for good behaviour, work, effort and for taking part in regular house competitions. All points count towards the House Championship Scoreboard.

The winning houses are recognised and rewarded for their efforts with various activities throughout the school year. This term's house challenges will include "The Dragons Den" and a task centred around "Our Diverse Planet" in science week 6th - 15th March.

4th place – 6171

5th place – 5687

6th place – 5311

## REVISION STRATEGIES – PRACTICE PAPERS ARE YOUR NEW BEST FRIEND!

One of the best revision tips to help you prepare for your GCSE exams is to do as many practice papers as you can. They will help you become familiar with the exam format, question style and time restraints, so when it comes to the real thing you'll already know what to expect. Completing old exam papers is also a good way to test your current knowledge and help you identify any areas you're struggling with. Ask your teachers for a few years worth of papers and schedule one or two a week into your revision timetable.
