

**Addendum to Child Protection Policy  
COVID-19 school reopening arrangements  
for Safeguarding and Child Protection at  
Ashton Community Science College**

**Date: 01/06/20**

**Context** : - From 20<sup>th</sup> March 2020 parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of workers critical to the COVID-19 response - who absolutely need to attend.

Schools and all childcare providers were asked to provide care for a limited number of children - children who are vulnerable, and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.

On May 10<sup>th</sup>, The Government announced that schools will gradually reopen their doors from June 1<sup>st</sup>. This addendum surrounds this procedure and details additional safeguarding arrangements and considerations for all staff in this transitional period.

Role	Name	Contact number	Email
Designated Safeguarding Lead	Claire Parkinson	01772 513002	cparkinson@ashtoncsc.com
Deputy Designated Safeguarding Lead	Debi Bradshaw	01772513002	dbradshaw@ashtoncsc.com
Headteacher	Sharon Asquith	01772 513002	enquiries@ashtoncsc.com

**LADO**- 01772 536694      **School Safeguarding Helpline** – 01772 531196

<b>Identifying and addressing any new safeguarding or welfare concerns and managing ongoing concerns</b>	School staff, volunteers or all stakeholders may identify safeguarding concerns about individual children as they see them in person following partial school closures. Ashton Community Science College recognises that all safeguarding concerns must be reported and acted upon immediately, including new concerns when children are returning. The DSL or Deputy DSL will be given the resources and time that enable them to fulfil the role effectively, supporting staff
--	--

	<p>and children with any new concerns. If there are special working arrangements in regards to the DSL or Deputies, Ashton Community Science College, will ensure that all staff are made aware of such arrangements. Ashton Community Science College will ensure all staff are aware of important numbers and understand that anybody can make a referral.</p> <p>Ashton Community Science College recognises the importance that all safeguarding and welfare records held on individual children remain accurate. It is in the best interests of the child, that home and school communicate, to ensure that school is aware of any changes regarding welfare, health and wellbeing.</p> <p>We recognise the continued importance for school and college staff to work with and support children’s social workers, the local authority virtual school head for looked-after and previously looked-after children and any other relevant safeguarding and welfare partners. It is a priority that school will act upon any updated advice received from the local authority regarding children with education, health and care plans, the LADO and children’s social care, reporting mechanisms, referral thresholds. School will continue to input into the local arrangements working alongside partner agencies.</p> <p>During periods of remote learning all staff and students are recommend to keep themselves safe by following the guidance in the remote learning policy. Should you experience a safeguarding concern, this should be passed onto the safeguarding team as soon as possible.</p>
<p><b>Managing Allegations against adults</b></p>	<p>Staff will continue to follow principles and guidance as in KCSIE Part 4 in view of reporting or acting upon any concerns surrounding an adult or volunteer who may pose a safeguarding risk to children. Ashton Community Science College will ensure that all staff are aware of reporting processes.</p>
<p><b>Peer on Peer Abuse</b></p>	<p>Ashton Community Science College recognises that in cases of peer on peer sexual abuse or sexual violence, the principles of KCSIE 2019 Section 5 should be followed but a revised process may be required for managing any report of such abuse and supporting victims, given the different circumstances schools and colleges are operating in. These circumstances should be taken into account when planning or revising any risk assessments.</p>
<p><b>Children who are not yet returning to school</b></p>	<p>The pastoral team and DSLs will provide support to teachers and staff to ensure that contact is maintained with children (and their families) who are not yet returning to school. Staff will try (where possible) to speak directly to children to help</p>

	<p>identify any concerns. Ashton Community Science College and its DSL will work closely with all stakeholders to maximise the effectiveness of any communication plan.</p> <p>Ashton Community Science College recognises that school is a protective factor for children and young people, and the current circumstances, can affect the mental health of students and their parents/carers. Teachers at Ashton Community Science College will to be aware of this in setting expectations of students' work where they are at home.</p> <p>School will continue to ensure a safe online environment for those who remain at home. We will continue to ensure that appropriate filters and monitoring systems are in place to protect children when they are online on the school systems.</p> <p>All staff who interact with children, including online, will remain vigilant and continue to look out for signs a child may be at risk. Any such concerns should be escalated and reported.</p>
<p><b>Supporting Vulnerable children</b></p>	<p>For vulnerable children, attendance is expected, where it is appropriate for them to do so. (This may be following individualised risk assessments for children with an EHC Plan.) We will continue to liaise with, and notify social workers if a child is absent from school. Where children with a social worker do not attend when expected, school will follow this up by contacting a parent or carer.</p>
<p><b>Safer Recruitment, Staff movement &amp; Staff training</b></p>	<p>In the recruiting of new staff, Ashton Community Science College will continue to follow the relevant safer recruitment processes as detailed in KCSIE 2019 Part 3.</p> <p>Where Ashton Community Science College are utilising volunteers, we will continue to follow the checking and risk assessment process as set out in paragraphs 167 to 172 of KCSIE. Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.</p> <p>It will remain that new staff or volunteers will receive a complete safeguarding induction. In the cases of staff who are moving between sites to support current and temporary arrangements, school will assess the level of induction required.</p> <p>Whilst acknowledging the challenge of the current situation, it is essential from a safeguarding perspective that any school is aware, on any given day, which staff/volunteers will be in the school or college, and that appropriate checks have been carried out, especially for anyone engaging in regulated</p>

	activity. As such, Ashton Community Science College will continue to keep the single central record (SCR) up to date as outlined in paragraphs 148 to 156 in KCSIE.
<b>Consideration</b>	Due to the changing circumstances, this addendum will be monitored and reviewed on a regular basis, whilst being shared with all stakeholders.

<b>Head teacher</b>	<b>S Asquith</b>
<b>Chair of Governors</b>	<b>J Swindells</b>
