

YEAR 11

LESSON CONTENT
AND ASSESSMENTS

APRIL – JUNE 2021

Name _____

week beginning 12 April		
KS4 course	LESSON FOCUS	ASSESSMENT
English language and English literature	Lessons will focus on narrative writing. Pupils will explore fiction writing and focus on developing vocabulary and punctuation.	English language paper 1 question 5.
Maths	Edexcel 9-1 Past papers	
Science	revision	
French	Listening Walking/Talking Mock (Higher)	Reading 2019 Paper (Foundation)
Geography	L1 Environmental Challenges in Bristol L2 Environmental solutions in Bristol	L1 9 mark question from list
History	Revision of essay writing skills for conflict and tension Unit	
RS	assessment	Assessment of Islamic Beliefs and Practices
Computer science	revision	
Creative media	work on R082 coursework continuing	
Sports science	LO4 – Suitable activities for measuring long term effects of exercise	
DT	Design technology Technical principles, core knowledge and understanding. Revision lessons.	
Food	Food and Nutrition Technical Skills 2	Complete NEA write up
Art	Collation of all previous course work from Years 9-11	Teacher and student overview
Textiles	photographing portfolios. Identification of improvement areas. Work on Assessment object 4 – final pieces in conclusion to the ongoing 'Connections' project.	
Performing arts: acting and dance	Lesson 1 - Action plan and detailed break down of performance. Lesson 2 – Rehearsal 1 – The introduction. (set the scene)	Hand in of action plan in class time. Rehearsals to be recorded in class time.
Child development	Component 3, Learning Aim C. Adapting activities for Communication and Language Needs and Adapting activities for social and emotional needs.	Completing the course content- marked work in book.
photography	Completion of the movement project into digital portfolios from sketchbook	Teacher will have access to all students work Via teams.

week beginning 19 April		
KS4 course	LESSON FOCUS	ASSESSMENT
English language and English literature	Lessons will focus on English language paper 1 section A. These questions will focus on information retrieval, analysis of structure and evaluation	English language paper 1 questions 1-4.
Maths	Edexcel 9-1 Past papers	
Science	revision	(20 th) Biology Paper 1 Part 1 Topics: Cell Biology and Organisation (21 st) Chemistry Paper 1 Part 1 Topics: Atomic Structure and Isotopes, Bonding, Structure and Properties of Matter, Acids and Calculations (22 nd) Physics Paper 1 Part 1 Topics: Atomic Structure, Radiation and Electricity
French	Listening Walking/ talking Mock (Found)	Listening 2019 (H) Reading 2020 (H)
Geography	Social inequality in Bristol. Issues at the rural-urban fringe of Bristol	L1 9 mark question from list
History	assessment	Full Conflict and Tension exam (done across 2 lessons)
RS	Christian Beliefs and Practices	
Computer science	Revision of all the topics/content with a focus on the algorithms, flowchart, and pseudocode questions	1.1 System architecture- parts of the CPU. 1.6 System security- threats to networks and prevention methods. 1.4 Networks- LAN and WAN networks, network hardware, wired and wireless network performance, peer to peer networks and cloud storage. 1.8 Ethical issues- ethical, legal and cultural issues in artificial intelligence.
Creative imedia	R082 coursework to be completed this week	
Sports science	LO4 – Methods for measuring long term effects of exercise	
DT	Design technology Tuesday 20 th April - Technical principles, core knowledge and understanding. Wednesday 21 st April - Technical principles, core knowledge and understanding.	Component 1: – Section A 1-hour mock exam. Inspire 2, period 3. Component 1: – Section B 1-hour mock exam. Inspire 2, period 2
Food	Food and Nutrition Revise Nutrition and Health	
Art	Students identify work missing and incomplete. Make plans.	Teacher 1 to 1 discussions Teacher check student plans.
Textiles	Assessment object 4 – final pieces in conclusion to the ongoing 'Connections' project.	finish photographing all the portfolios and completing the lists of work that pupils need to do. A copy of the lists will be sent via Teams
Performing arts: acting and dance	Lesson 3 – Rehearsal 2 – Start Lesson 4 – Rehearsal 3 – Climax	Rehearsals to be recorded in class time.

week beginning 19 April

KS4 course	LESSON FOCUS	ASSESSMENT
Child development	Component 3, Learning Aim C Adapting activities for social and emotional needs and supporting children in activities.	Completing the course content - marked work in book.
photography	Completion of the movement project into digital portfolios from sketchbook	Teacher will have an instant overview of students participation to their digital portfolios i.e. when, time spent and what has been added.

week beginning 26 April		
KS4 course	LESSON FOCUS	ASSESSMENT
English language and English literature	Lessons will focus on unseen poetry and comparison.	
Maths	Example questions to prepare for papers 1 and 2	Paper 1 (29 th) Non calculator Paper 2 (30 th) Non calculator
Science	revision	
French	Writing skills – 90 word, 150 word, translation Higher paper.	Listening 2019 (F) Reading 2020 (F)
Geography	The Temple Quarter Regeneration scheme in Bristol.	L1 9 mark question from list
History	Revision of key content and skills for America 1840-1895 unit.	
RS	Christian Beliefs and Practices	
Computer science	Revision of all the topics/content with a focus on the algorithms, flowchart, and pseudocode questions	1.2/1.3 Memory/storage- virtual memory, ROM, embedded systems and file size conversions. 1.6 Network topologies and protocols- topology's, Ethernet, URL/IP protocols and packet switching. 1.7 Systems software- operating system, defragmentation
Creative imedia	Focus on either R081 exam or R087 multimedia product	
Sports science	LO4 – Recording long term effects of exercise	
DT	Design technology In-depth knowledge and understanding and designing and making skills	Component 2: NEA – Non-Exam Assessment AO1, AO2, AO3, AO4
Food	Food and Nutrition Revise Food Safety	Nutrition, health, food safety
Art	Students work to complete evidence towards GCSE. Working through previous course.	Teacher check work is being worked on to aid progress and quality. Evidence being quality over quantity.
Textiles	Assessment object 4 – final pieces in conclusion to the ongoing 'Connections' project.	Final pieces (AO4) will be photographed as progress is made
Performing arts: acting and dance	Lesson 5 – Rehearsal 4 – Ending Lesson 6 – Rehearsal 5 – solos/ monologues	Rehearsals to be recorded in class time.
Child development	Revision for exam of Component 3 Learning Aim A	Old mock exam paper, Revision cards and notes
photography	Completion of the movement project into digital portfolios from sketchbook	Teacher will have an instant overview of students participation to their digital portfolios i.e. when, time spent and what has been added.

week beginning 3 May		
KS4 course	LESSON FOCUS	ASSESSMENT
English language and English literature	Lessons will focus on further unseen poetry. Later in the week will focus on revision of Romeo and Juliet.	Literature paper 2: Unseen poetry and comparison.
Maths	Example questions to prepare for papers 3 and 4	Paper 3 (6 th) Calculator Paper 4 (7 th) Calculator
Science	revision	(4 th) Biology Paper 1 Part 2 Topics: Infection and Response and Bioenergetics (5 th) Chemistry Paper 1 Part 2 Topics: Atoms, Elements, Compounds and Mixtures, Separation Techniques, Groups in the Periodic Table, Metals, Electrolysis and Energy Change (6 th) Physics Paper 1 Part 2 Topics: Particle Model and Energy
French	Writing Skills - Photo card, 40 word, 90 word	Writing 2019 Higher - Foundation + Active Learn Theme 3
Geography	L1 Sustainable Urban Living Decision making activity	
History	Revision of key content and skills for America 1840-1895 unit.	
RS	Christian Beliefs and Practices	
Computer science	Revision of all the topics/content with a focus on the algorithms, flowchart, and pseudocode questions	
Creative imedia	Focus on either R081 exam or R087 multimedia product	
Sports science	Responding to feedback of LO1 draft	
DT	Design technology In-depth knowledge and understanding and designing and making skills	Component 2: NEA – Non-Exam Assessment AO1, AO2, AO3, AO4
Food	Food and Nutrition Revise Food Science and Choice	
Art	Students work to complete evidence towards GCSE. Working through previous course.	Teacher check work is being worked on to aid progress and quality. Evidence being quality over quantity.
Textiles	Assessment object 4 – final pieces in conclusion to the ongoing 'Connections' project.	Final pieces (AO4) will be photographed as progress is made.
Performing arts: acting and dance	Lesson 7 – Bank holiday Lesson 8 – Dress and technical rehearsal in class 1:15pm-3:30pm	Rehearsals to be recorded in class time.
Child development	Revision for exam - of Component 3 Learning Aim B	Old mock exam paper, Revision cards and notes
photography	Completion of the movement project into digital portfolios from sketchbook	Teacher will have an instant overview of students participation to their digital portfolios i.e. when, time spent and what has been added.

week beginning 10 May

KS4 course	LESSON FOCUS	ASSESSMENT
English language and English literature	Lessons will focus on structuring an exam style question based on Romeo and Juliet.	Literature paper 2: Romeo and Juliet.
Maths	Example questions to prepare for papers 5 and 6	Paper 5 (13 th) Calculator Paper 6 (14 th) Calculator
Science	revision	
French	Review of 2019 - DIRT	Active Learn – Theme 1 as other tier is working on DIRT.
Geography	Decision making activity	L1 End of Unit Assessment
History	Revision of key content and skills for America 1840-1895 unit.	
RS	Christian Beliefs and Practices Exam technique and 12-mark questions	Assessment of Islamic Beliefs and Practices
Computer science	Revision of all the topics/content with a focus on the algorithms, flowchart, and pseudocode questions	
Creative media	Focus on either R081 exam or R087 multimedia product	
Sports science	Responding to feedback of LO2 draft	
DT	Design technology In-depth knowledge and understanding and designing and making skills	Component 2: NEA – Non-Exam Assessment AO1, AO2, AO3, AO4
Food	Food and Nutrition Technical skills 3 (group 1)	Food Science and Choice
Art	Students work to complete evidence towards GCSE. Working through previous course.	Teacher check work is being worked on to aid progress and quality. Evidence being quality over quantity.
Textiles	Completion of the lists of work to improve and complete portfolios.	
Performing arts: acting and dance	Lesson 9 – Dress and technical rehearsal for an audience audience 1:15pm- 3:30pm Lesson 10 – Review and action plan	Rehearsals to be recorded in class time.
Child development	Revision for exam of Component 3 Learning Aim C	Old mock exam paper, Revision cards and notes
photography	Digital portfolios to be completed looking at the A0 grading criteria for GCSE photography	Teacher will have an instant overview of students participation to their digital portfolios i.e. when, time spent and what has been added.

week beginning 17 May		
KS4 course	LESSON FOCUS	ASSESSMENT
English language and English literature	Lessons will focus on revision of both literature paper 1 and 2.	
Maths	Functional maths/problem solving	
Science	revision	(21 st) Biology Paper 2 Topics: Homeostasis and Response and Inheritance
French	In tenses – connectives – time phrases – tenses - how to make sure you have answered the bullet point.	Ensure all Speaking endorsement evidence is complete
Geography	Decision making activity	
History	Revision of key content and skills for America 1840-1895 unit.	
RS	Religion and Life Review	Assessment of Religion and Life
Computer science	Revision of all the topics/content with a focus on the algorithms, flowchart, and pseudocode questions	2.1 Algorithms-abstraction, decomposition, flowcharts, interpreting and creating algorithms using pseudocode. 2.2 Programming fundamentals-variables, arithmetic, SQL, selection, sequence, subroutines and syntax 2.3 Producing robust programs- testing, maintainability of programs 2.4 Computational Logic- arithmetic operators 2.5 Facilities of languages- high level and assembly language 2.6 Data representation- character sets
Creative media	Focus on either R081 exam or R087 multimedia product	
Sports science	Responding to feedback of LO3 draft	
DT	Design technology In-depth knowledge and understanding and designing and making skills	Component 2: NEA – Non-Exam Assessment AO1, AO2, AO3, AO4
Food	Food and Nutrition Technical skills 3 (group 2)	
Art	Students work to complete evidence towards GCSE. Working through previous course.	Teacher moderation and standardisation within the faculty.
Textiles	Completion of the lists of work to improve and complete portfolios.	
Performing arts: acting and dance	Lesson 11 – Final performance to audience Lesson 12 – Activity 4 write up	Rehearsals to be recorded in class time.
Child development	Component 3 Learning Aim A and Learning Aim B Exam, from SAMS.	Marked exam paper.
photography	Digital portfolios to be completed looking at the A0 grading criteria for GCSE photography	Teacher moderation and faculty standardisation

week beginning 24 May		
KS4 course	LESSON FOCUS	ASSESSMENT
English language and English literature	Lessons will focus section B of both English language papers.	
Maths	Functional maths/problem solving	
Science	revision	(25 th) Chemistry Paper 2 Topics: Rates of Reaction, Organic Chemistry, Pollutants and Early Earth (27 th) Physics Paper 2 Topics: Forces and Waves
French	Writing succinctly to cover all the bullet points.	Writing 2020 H & F
Geography	Decision making activity	Decision making assessment
History		Full America exam (done across 2 lessons)
RS	Crime and Punishment Review	Assessment of Crime and Punishment
Computer science	Revision of all the topics/content with a focus on the algorithms, flowchart, and pseudocode questions	2.1 Algorithms-abstraction, decomposition, linear search, insertion sort, interpreting and creating algorithms using pseudocode. 2.2 Programming fundamentals-variables, arithmetic, SQL, selection, sequence, iteration and syntax. 2.4 Computational Logic- arithmetic operators, DIV, MOD, logic diagrams 2.6 Data representation- converting binary to denary/hexadecimal and vice versa, binary shift, image representation, metadata
Creative media	Focus on either R081 exam or R087 multimedia product	
Sports science	Responding to feedback of LO4 draft	
DT	Design technology In-depth knowledge and understanding and designing and making skills	Component 2: NEA – Non-Exam Assessment AO1, AO2, AO3, AO4
Food	Food and Nutrition Finalisation of students' evidence	
Art	Students work to complete evidence towards GCSE. Working through previous course.	Teacher moderation and standardisation within the faculty.
Textiles	Final submissions for portfolios	
Performing arts: acting and dance	Lesson 13- Final review of all written activities. Lesson 14 - Final review of all written activities.	Written work submitted in class.
Child development	Component 3 Learning Aim C Exam, from SAMS. Exam.	Marked exam paper.
photography	Digital portfolios to be completed looking at the A0 grading criteria for GCSE photography	Teacher moderation and faculty standardisation

week beginning 7 June		
KS4 course	LESSON FOCUS	ASSESSMENT
all subjects	finalisation of students' evidence	completion of outstanding assessments

week beginning 14 June		
KS4 course	LESSON FOCUS	ASSESSMENT
all subjects	finalisation of students' evidence	

Evidence: For all subjects, the grades awarded in data captures in years 9 – 11 will form part of the evidence portfolio for students. These assessments were based on a combination of classwork, assessments and end of year exams. In addition to this, the following subjects specific evidence will also be used.

KS4 course	LESSON FOCUS
English language and English literature	Year 10 assessed pieces of work Year 11 assessed pieces of work Year 11 in class mock papers
Maths	Final assessment papers x 6
Science	Year 11 November MOCK Exam Results The 9 assessments that pupils will complete during this half term (x3 Biology x3 Chemistry x3 Physics) Historic data from end of unit assessments from year 9, year 10 and year 11. This only includes assessments done in school under exam conditions and not any assessments completed online during lockdown. Past paper booklets that pupils have completed as homework activities.
French	Past Papers 2018, 2019, 2020 taking out questions where content has not been covered Specimen Paper Data from www.thisislanguage.com Active Learn data (thematic) Thematic Exampro past paper questions. Speaking Endorsement Documentation
Geography	Mock exams from Dec 2020 Bristol End of unit assessment X3 9 mark questions Questions relating to past paper pre-release booklet.
History	America mock exam from the start of year 11 All assessment from year 11 on the Norman England Unit End of year Conflict and Tension exam End of Year America exam
RS	Assessment of Islamic Beliefs and Practices paper - April 21 Assessment of Christian Beliefs and Practices paper – May 21 End of unit assessments
Computer science	2020 Paper 1 and paper 2 grade 2018 Paper 1 and paper 2 grade Smart revise data In class end of unit topic tests (if needed to support certain areas)
Creative imedia	R081 Exam result (banked) R081 Resit in school (if needed) R082 Coursework R087 Coursework (if needed) R090 Coursework (banked)
Sports science	All pieces of assessment work/coursework from over the course Mock exam score

Evidence: For all subjects, the grades awarded in data captures in years 9 – 11 will form part of the evidence portfolio for students. These assessments were based on a combination of classwork, assessments and end of year exams. In addition to this, the following subjects specific evidence will also be used.

KS4 course	LESSON FOCUS
DT	Component 2: NEA - AO1: Identifying & investigating design possibilities – 5% Component 2: NEA - AO1: Developing a design brief & specification – 5% Component 2: NEA - AO2: Generating & developing design ideas - 15% Component 2: NEA - AO2: Manufacturing a prototype – 15% Component 2: NEA - AO3: Analysing & evaluating design decisions & prototypes - 10% Component 1: AO4 - Year 11 2 hr exam assessment base on Design Technology in the 21 st century – 50%
Food	NEA practical work (Technical skills 1 and 2) and written report Technical Skills 3 practical November 2020 mini mock Food Science test March 2021 Nutrition and Health and Food Safety assessment Food Science and Food Choices assessment
Art	work produced
Textiles	work produced
Performing arts: acting and dance	Component 3 submissions
Child development	mock papers
photography	portfolio
