

School is closed

because of

Coronavirus

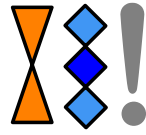

At the moment

life

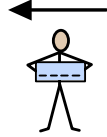

is

very different.

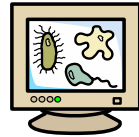

A germ

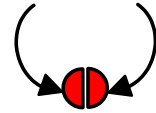

called

the

Coronavirus

is

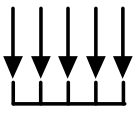

making

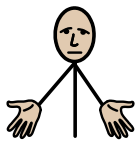

people

sick.

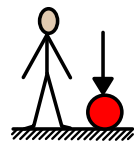

Every

needs

to

stay at

home.

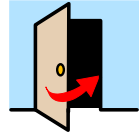

My

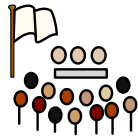

school

is

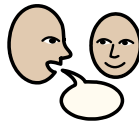

closed.

The

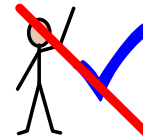

government

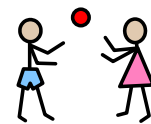

says

I

cannot

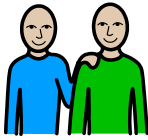

play

with

my

friends

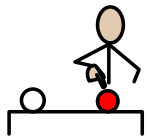

go to

group

activities.

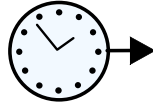

This

means

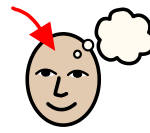

I

will

be

learning

at

home.

It

might

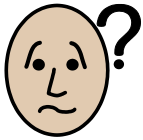

feel

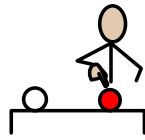

very different

and

confusing.

This

is

OK.

The

adults

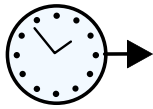

in

my

house

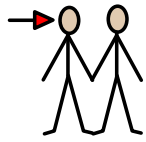

will

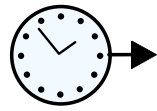

help

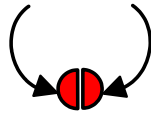

me.

They

will

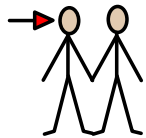

make

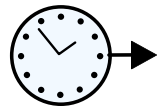

a

plan.

They

will

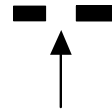

find

me

a

space

to

do

my

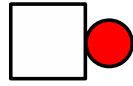

work.

I can

help

by

listening

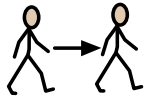

to the

adults

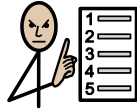

and

following

the

rules.

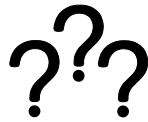

If

I

have

questions

then the

adults

can

help.
