Pupil premium strategy statement

School overview

Metric	Data
School name	Primary School
Pupils in school	191 (with nursery 203)
Proportion of disadvantaged pupils	19%
Pupil premium allocation this academic year	£55,605
Academic year or years covered by statement	2023-24
Publish date	01 September 2023
Review date	01 April 2024
Statement authorised by	Mrs G O'Brien
Pupil premium lead	Mr P Hassan
Governor lead	Mr E Siddall

Disadvantaged pupil performance overview for last academic year (data 2022)

Measure	Score
Meeting expected standard at KS2	R - 33% W – 33% M – 67%
Achieving high standard at KS2	R –17% W – 0% M – 33%

Part A: Pupil premium strategy plan

Statement of intent

Our ultimate objectives are:

- ✓ To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- ✓ For all disadvantaged pupils in school to make or exceed nationally expected progress rates.
- ✓ To support our children's health and wellbeing to enable them to access learning at an appropriate level.

We aim to do this through:

- Delivering a high quality, broad and balanced curriculum that meets the academic, social and emotional needs of all our children
- Ensuring that teaching and learning opportunities meet the needs of all the pupils.
- Ensuring that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed.
- When making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged.
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. We reserve the right to allocate the Pupil Premium Grant to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.
- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time.

Achieving these objectives:

- Ensuring all teaching is good or better thus ensuring that the quality of teaching experienced by all children is improved.
- To provide small group tutoring
- 1:1 and small group support where required or deemed necessary.
- Purchase and deliver a new phonics programme that is DfE accredited
- Provide effective online programmes to allow accelerated progress in key areas
- Pupil premium resources are to be used to target able children on Free School Meals to achieve Age Related Expectations
- Deliver Speech and Language programme in Reception
- Provide a high quality 'soft' skills development programme for all children
- Provide high quality SEMH support for identified children

- Provide support for families to ensure that all children can access school effectively
- Provide support and challenge for children/families who are persistently absent
- Support payment for residentials.
- Behaviour support.

Challenges

Challenge number	Detail of challenge
1	Early reading and phonics catch up for those who don't pass the Y1 check
2	Long term memory
3	Poor parental engagement
4	Poor communication and oracy skills in Reception
5	Attendance and punctuality concerns
6	SEMH concerns across school
7	Attainment gaps in reading, writing and maths

Intended outcomes

Intended outcome	Success criteria
Progress in Reading	Achieve national average progress scores in KS2 Reading
Progress in Writing	Achieve national average progress scores in KS2 Writing
Progress in Mathematics	Achieve national average progress scores in KS2 Maths
Improved attendance and punctuality	Ensure attendance of disadvantaged pupils is in line with non-disadvantaged
Improved progress in Phonics	Ensure all relevant staff have received training to deliver school phonics scheme effectively- attainment in line with national at least
Improved communication skills and oracy skills of children in Reception	Use Wellcomm successfully and all children with no SEN in line with ARE

All children 'high school ready' or provided with effective transition and support plan by the end of Y6	Significant improvement in Boxall or similar assessments. Confident in move to high school. Removal or significant reduction of support by end of Y6 or effective transition programme in place.
Improved attendance of children previously PA	Rates of PA in line or better than national

Activity in this academic year

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £55,605

Activity	Evidence that supports this approach	Challenge number(s) addressed
Ensure all staff have received training to deliver new phonics scheme effectively but also ensure whole school understanding of phonics.	Phonics is an approach to teaching some aspects of literacy, by developing pupils' knowledge and understanding of the relationship between written symbols and sounds. This involves the skills of hearing, identifying and using the patterns of sounds or phonemes to read written language. The aim is to systematically teach pupils the relationship between these sounds and the written spelling patterns, or graphemes, which represent them. Phonics emphasises the skills of decoding new words by sounding them out and combining or 'blending' the sound-spelling patterns.	1, 2, 4, 7
Co-coaching model of support- teacher and TA working as a team to improve classroom practice (SENCO – in house training & TESS team)	Feedback is information given to the learner about the learner's performance relative to learning goals or outcomes. It should aim to (and be capable of producing) improvement in students' learning. Feedback redirects or refocuses the learner's actions to achieve a goal, by aligning effort and activity with an outcome. It can be about the output or outcome of the task the process of the task the student's management of their learning or self-regulation, or about them as individuals (which tends to be the least effective).	1, 2, 7
	EEF +7 Metacognition and self-regulation approaches to teaching support pupils to think about their own learning more explicitly, often by teaching them specific strategies for planning, monitoring, and evaluating their learning. Interventions are usually designed to give pupils a repertoire of strategies to choose from and the skills to select the	

	most suitable strategy for a given learning task.	
NFER diagnostic and intervention programme	EEF – evidence insights Diagnostic assessments provide opportunities to reflect on pupils' thinking, strengths, and weaknesses. They can give useful insights into pupil learning, although interpreting the information they produce requires some level of professional judgement from teachers, as there are many reasons why pupils might answer a question in a certain way. When used effectively, diagnostic assessments can indicate areas for development with individual pupils or across classes and year groups. Some methods can also help teachers isolate the specific misconceptions pupils might hold.	2,7
Skills Builder curriculum- delivered across school	Social and Emotional Learning – interventions which target social and emotional learning seek to improve pupil's interaction with others and self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning. SEL interventions might focus on the ways in which students work with (and alongside) their peers, teachers, family and community. These include: specialised programmes which are targeted at students with particular social or emotional needs.	2,4,6,7
Enhance reading for pleasure through developed reading areas and library space. Link to teacher modelling of good reading habits. Link to parental engagement.	EEF trial The study found that Year 7 pupils who were offered reading interventions made 3 months' additional progress in reading compared to other similar pupils. For pupils eligible for free school meals the figure was 5 months' additional progress.	1,3,4,7

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Activity	Evidence that supports this approach	Challenge number(s) addressed
To use the Wellcomm in EYFS	EEF +6	1, 4

Intervention programme to identified pupils in Reception	Oral language interventions are based on the idea that comprehension and reading skills benefit from explicit discussion of either content or processes of learning, or both, oral language interventions aim to support learners' use of vocabulary, articulation of ideas and spoken expression.	
Establish small group reading, writing and maths interventions for pupils falling behind age related expectations (Soundswrite, IDL)	EEF +6 Reading comprehension strategies focus on the learners' understanding of written text. Pupils learn a range of techniques which enable them to comprehend the meaning of what they read. These can include: inferring meaning from context; summarising or identifying key points; using graphic or semantic organisers; developing questioning strategies; and monitoring their own comprehension and then identifying and resolving difficulties for themselves EEF – diagnostic assessments – evidence insights NCETM – mastering number, sustaining mastery – government funded programmes	1, 2, 4, 7
Additional teacher to provide 1:3 tutoring programme over three days per week	Use of school-led tutoring grand and recovery premium	7

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Activity	Evidence that supports this approach	Challenge number(s) addressed
Pastoral team to deliver 1:1 and small group SEMH programmes	EEF (+4) Social and Emotional Learning — interventions which target social and emotional learning seek to improve pupil's interaction with others and self- management of emotions, rather than focusing directly on the academic or cognitive elements of learning. Draw and talk therapy. SEL	3,5,6,7

	interventions might focus on the ways in which students work with (and alongside) their peers, teachers, family and community. These include: specialised programmes which are targeted at students with particular social or emotional needs.	
Pastoral team to support families with attendance, engagement and SEMH issues	EEF (+5) Disadvantaged pupils are less likely to benefit from having a space to conduct home learning. Evidence also suggests that disadvantaged pupils make less academic progress, and sometimes attainment levels even regress during the summer holidays, due to the level of formal and informal learning activities they do or do not participate in. By designing and delivering effective approaches to support parental engagement, schools and teachers may be able to mitigate some of these causes of educational disadvantage, supporting parents to assist their children's learning or their self-regulation, as well as specific skills, such as reading	3,5,6,7
Provide counselling and therapy services for our most vulnerable children	EEF (+4) Social and Emotional Learning – interventions which target social and emotional learning seek to improve pupil's interaction with others and self- management of emotions, rather than focusing directly on the academic or cognitive elements of learning. SEL interventions might focus on the ways in which students work with (and alongside) their peers, teachers, family and community. These include: specialised programmes which are targeted at students with particular social or emotional needs. Drawing and Talking Therapy is the number one alternative to CBT and direct talking therapies, that can often be confronting or limiting in the processing of pain or trauma. As an attachment-based therapeutic intervention, Drawing and Talking Therapy is designed to complement CAMHS and other specialist therapies.	5,6,7

Total budgeted cost: £ 55,605

Part B: Review of outcomes in the previous academic year – see previous plan

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

All children by the end of Key Stage 2 had achieved in line with or above with their peers:

Measure	Score
Meeting expected standard at KS2	R - 33% W – 33% M – 67%
Achieving high standard at KS2	R –17% W – 0% M – 33%

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
IDL	IDLS group
Boxall	Boxall Profile
Better Reading	TESS team
Draw and Talk Therapy	Drawing and Talking Ltd
