COVID-19 Actions for Schools Guidance for Full Opening – Schools

<https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

Annex A: Behaviour principles

In light of the need for children to behave appropriately and with respect for others. The following behaviour guidance must be communicated to children, parents and staff.

Rules of good behaviour are:

- following the routines for arrival or departure
- Following the club instructions on hygiene, such as handwashing and sanitising.
- Following instructions and stay with your allocated group whilst attending the club.
- When moving around the premises follow the instructions given to you. (for example, one-way systems, out of bounds areas, queuing including where children may or may not play)
- expectations about sneezing, coughing, tissues and disposal ('**catch it, bin it, kill it**') and avoiding touching your mouth, nose and eyes with hands
- tell an adult if you are experiencing symptoms of coronavirus
- follow the rules about sharing any equipment or other items including drinking bottles
- use of toilets
- Clear rules about coughing or spitting at or towards any other person.
- Any rewards and sanction system where appropriate

Identify any reasonable adjustments that need to be made for children with more challenging behaviour.

Annex B: Principles for staff

1. Do not come to work if you have coronavirus symptoms but go home as soon as these develop (informing your Team Manager) and access a test as soon as possible.
2. Clean your hands more often than usual - with running water & soap and dry them thoroughly or use alcohol hand sanitiser ensuring that all parts of the hands are covered.
3. Use the '**catch it, bin it, kill it**' approach.
4. Avoid touching your mouth, nose and eyes.
5. Clean frequently touched surfaces often using standard products, such as detergents and bleach.
6. Think about ways to modify your activity approach to keeping a distance from children in your group as much as possible, particularly close face to face support (noting that it's understood that this is not possible at all times, which is why hygiene and hand cleaning is so important).
7. Help your group to follow the rules on hand cleaning, not touching their faces, '**catch it, bin it, kill it**' etc. including by updating your classrooms displays with posters.
8. Prevent your group from sharing equipment and resources (like stationery).
9. Keep your activity door and windows open if possible for air flow.
10. Limit the number of children from your group using the toilet at any one time.
11. Limit your contact with other staff members, and do not congregate in shared spaces, especially if they are small rooms.
12. Stay in your own group area, only moving around school if necessary. No children are to be sent to the office or to collect printing etc. Teachers must be organised at the start of the day for all lessons to avoid unnecessary movement around school. Staff may leave their area for break and lunchtimes to use facilities such as the staffroom and toilets. (Please use the staffroom but keep your distance from other members of staff. As lunch times are now staggered there will be less members of staff in the room at once.)
