## How can we protect the oceans?

## In the news this week

8th June is World Oceans Day, a time when people around the world think about how to care for seas, oceans and the creatures living in them. Dutch inventor, Boyan Slat, first became worried about ocean pollution as a teenager after seeing huge amounts of plastic while diving. He created the organisation The Ocean Cleanup, which designs special systems to remove rubbish from oceans and stop more plastic entering rivers and seas.

### Things to talk about at home ...

- > Why do you think oceans are important to people and animals?
- > Have you ever seen pollution near a beach, river or park? How did it make you feel?
- > What small changes could families make to help protect the oceans?
- > Should countries work together more to protect the environment?
