## Introduction

Astley Park School is a special school which caters for children from 4-16 years. All of our children have a wide range of special educational needs-from moderate to complex learning difficulties, where every child matters and everyone can learn, enjoy and achieve. We are a well organised school where high expectations of standards, sensible behaviour and effort are expected. Astley Park School is a caring school in which we wish to nurture acceptance and the embracing of differences. Our aim is to create a climate of warmth, support and respect for one another, a place where everyone is valued and able to learn. The welfare of our students are our prime concern, where we ensure we work collaboratively with parents/carers to enable your son/daughter to thrive and reach their full potential.
