

8G Spring Activity Bank

My Communication

Reading Peppa and the Flying Vet (I will share the PowerPoint with you via email or you can find it on YouTube).

Over writing or writing animal words.

Listening to what our friends have said and asking a follow up question.

The World About Me

Use the internet to research about an animal.

Match baby animals to their parents.

Match animals to their habitat.

Watch Andy's Aquatic Adventures or Andy's Safari Adventures on BBC iPlayer.

My Creativity

Choose an animal to draw or paint. Use Playdoh to make a model of an animal.

Listen to and sing:

The Animals on the Farm (Super Simple Songs)

Jungle Animal Songs (The Kiboomers)

Animal Sounds Song (The Singing Walrus)

My Thinking & Problem Solving

Maths- Use Numicon packs to recognise Numicon shapes and which number they represent.

Counting 1:1 accurately with different objects (up to 30 for some).

Computing- familiarising yourself with the keyboard and where the letters are. Practice typing animal names.

Me and My Body

Thinking about activities that help make our engines "just right".

Reading stories or watching programmes and spotting how someone is feeling e.g. happy, sad, angry. Then giving a reason why.

My Community

Keep working on self-help and independence skills e.g. getting dressed and undressed, collecting equipment you need from around the house.

Follow simple recipes and do some cooking. I Can Cook on BBC website are great and simple.
