

The Learner and their aspirations are at the centre of their own personalised curriculum

Communication and Cognition are at the heart of all learning

Provides rich, meaningful learning opportunities that give the learner purpose and spark curiosity

Develops essential life skills and personal care to prepare learners for the future

Makes the most of ICT to enhance learning

Promotes Readiness to Learn through sensory and emotional regulation and a clear understanding of learners' development

# Astley Park School

*Nurturing Futures*

## Primary and KS3 Curriculum Ethos

Opportunities to make connections and develop a sense of belonging in the community

Promotes personal well-being, healthy choices and active lifestyles

Maximises progress for each individual through a personalised approach to learning

Teaches learners how to keep safe in both physical and online environments

Prioritises independence, physical and sensory development and social, emotional and mental health

Exciting themes enhance understanding of the world and contextualise spiritual, moral, social and cultural education
