

School Council Meeting Minutes – Monday 4.11.19

Astley Park School have begun a push on recycling. Today the School Council discussed the new changes that have been put in place such as the use of the new recycling bins. The Councillors agreed that the bins were encouraging recycling, but some reminders were still needed. We agreed that each Councillor would remind their own class at lunch time to use the right bin to recycle. We also discussed the importance of looking at packaging to see if an item can be recycled.

Mrs Clarke asked the Councillors how else we could help to recycle, and we agreed that we could do a litter pick around the local area. Mrs Clarke will get in touch with Lancashire County Council for the appropriate tools to litter pick.

When asked why we recycle the following answers were provided;

- We recycle to keep the environment clean.
- To save the animals
- To save the planet

No messages were sent from classes.

Next meeting date: Monday 9th December
