

## School Council meeting

Monday 20<sup>th</sup> January 2020 9.30-9.45

### Staff present

Mrs Clarke

Mrs Crouch

At today's meeting we discussed how we could improve playtimes at school. Mrs Crouch asked the School Council what we could do to improve playtimes and they answered;

- Get some new climbing frame equipment.
- Get more pupils involved in activities.
- Play with friends

Mrs Crouch will be emailing class teachers with a questionnaire for pupils to complete to get as much feedback as possible.

Mrs Clarke then shared some plans for some new play equipment with the Council. The councilors had a good look at the plans and discussed the positives and potential negatives of each design. The councilors then had a vote and their responses have been passed to Mr Welsh.

For the next meeting the council have been asked to speak with their classes and gain feedback about what they like about playtimes now and how they think we could make it even better.

Next meeting – 10<sup>th</sup> February 2020
