This template can be used for multiple purposes:

• It enables schools to effectively plan their use of the Primary PE and sport premium

 It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium

 It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make additional and sustainable improvements to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use

they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated Primary PE and sport premium guidance.

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2024.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2022/2023)

Created by:

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

Activity/Action	Impact	Comments
Revisions made to the school's curriculum to ensure an ambitious pitch in each unit of work. Teachers have been supported to make better use of detailed lesson plans to inform their teaching.	Evidence from observations that a broad range of sports are being experienced by pupils through a curriculum that is more ambitious than before. Pupils are being better supported to develop their knowledge and skills in this subject through teachers making better use of curriculum plans.	New staff supported to access curriculum plans and on-going monitoring in place during 2023/24 to check this.
Board range of extra-curricular provision reintroduced after Covid-19 restrictions. Pupils considered to be disadvantaged and those with SEND have been targeted to ensure their participation.	Pupils from all year groups (1 to 6) participated in extra-curricular activities including those with SEND and disadvantaged.	Continue to extend the range of extra-curricular provision and ensure a different set of pupils access them.
Training was provided for teachers, especially those who are early career teachers from specialist coaches.	Staff supported to improve their teaching of aspects of PE they find more difficult, with early career teachers receiving additional support.	Continue to provide professional development for staff.
More active playtimes due to daily mile Fridays and new resources to promote physical activity.	Daily mile providing popular along with pupils being more active at playtimes and lunchtimes.	Maintain and enhance this aspect of school life.

Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

Question	Stats:	Further context Relative to local challenges
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	28%	Lack of access to swimming pools in the locality.
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]?	25%	Lack of access to swimming pools in the locality

What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?	5%	
If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?	Yes	
Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?	Yes
