Woodlands Adventure

'The best day ever' said a boy after the Year 6 trip to Woodlands. The children enjoyed a range of exciting activities: canoeing, archery, zip wire and the assault course. As well as getting very muddy, they showed great bravery, skill and team work.

Moro like many others enjoyed rolling in the mud on the assault course. The zip wire was a test of nerve as we flew over the lake.

Junior on the assault course.

Having fun!

The assault course took team work, concentration and no fear of mud.

Each child, after canoeing, walked the plank and got very wet.
