You said ...

Very clear and lots of fun this morning. Thank you.

Useful to see how it is taught and understand why it is so important.

I feel more confident to support my child at home.

A fantastic session!

This was organised really well. I just worry about making the right sound for the letters.

We will make sure...

We will arrange for open classrooms shortly where you will be able to observe a phonics lesson being taught.

You will also have the opportunity to ask the teacher any questions you may have.
