

## Sixth Form Dress Code and Equipment List

In the Sixth Form we treat our students as young adults. Our Sixth Form students have privileges which are not available to the other year groups. One of these privileges is our Sixth Form dress code.

We expect our students to meet our standards and be smartly dressed in business attire – as you would if you were attending work. Sixth Form students are representatives of the school and are role models for students in the younger year groups.

Students are expected to adhere to our sixth form uniform policy. This will ensure consistency and an atmosphere of professionalism.
