

EYFS Welcome to School

Growing Together; Aiming High

What will we be learning about this half term?

This half term we will be learning all about our school and each other. We will also be exploring school and meeting lots of different grown-ups that help us here. We can't wait to get to know you all!

We will be learning about similarities and differences between people and families. We will also be creating our class charter and learning all about Jeffery! We will be thinking about what makes a good friend.

We will be practising to write our names using different materials. In maths we will be exploring numbers 0-5. We will be reading lots of lovely books and will be talking about our favourites with each other.

How can you help at home?

- Encourage your child to practise writing their first and second name using a pencil. They could copy underneath your writing or have a turn themselves!
- Practise counting forwards and backwards using numbers 0-5.
- Encourage your child to practise dressing and undressing independently.

Important Information

Water Bottles

Children do not need to bring their own bottles to school. They have all been given a school water bottle which staff will wash every week. The children are encouraged to drink the 'special school water' which promotes a healthy lifestyle.

PE Kits

Please bring your child's PE kit on a Monday and leave it in school until Friday in case of timetable changes. We ask that your child wears a white T-shirt and black shorts please.

Names

Please, please, please make sure you add your child's name to all items of clothing, shoes, lunchboxes and bags. There are over 80 children in our EYFS classes and items are much easier returned to you if they have your child's name and class in them.

Bookbags

Your child will be given a purple book bag. This needs to be with them in school everyday and will be returned every home time.

Thank you for your continued support 😊
