

Pupil premium strategy statement – Baines’ Endowed C.E Primary Academy

Before completing this template, read the Education Endowment Foundation’s guidance on [using your pupil premium funding effectively](#) and DfE’s [using pupil premium guidance](#), which includes the ‘menu of approaches’. It is for school leaders to decide what activity to spend their pupil premium (and recovery premium) on, within the framework set out by the menu.

All schools that receive pupil premium (and recovery premium) are required to use this template to complete and publish a pupil premium statement on their school website by 31 December every academic year.

If you are starting a new pupil premium strategy plan, use this blank template. If you are continuing a strategy plan from last academic year, you may prefer to edit your existing statement, if that version was published using the template.

Before publishing your completed statement, delete the instructions (text in italics) in this template, and this text box.

This statement details our school’s use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	511
Proportion (%) of pupil premium eligible pupils	175 (34%)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended – you must still publish an updated statement each academic year)	December 2023-2026
Date this statement was published	December 2023
Date on which it will be reviewed	December 2024
Statement authorised by	Debi Rusling
Pupil premium lead	Colin Walton
Governor / Trustee lead	Adele Langford

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£ 234,936.72
Recovery premium funding allocation this academic year <i>Recovery premium received in academic year 2023/24 cannot be carried forward beyond August 31, 2024.</i>	£26,880
Pupil premium funding carried forward from previous years <i>(enter £0 if not applicable)</i>	£0
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£261,816.72

Part A: Pupil premium strategy plan

Statement of intent

Our intention at Baines' Endowed C.E Primary Academy is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The strategies we have outlined in this statement are also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers.

Our strategy is also integral to wider school plans for education recovery following the COVID-19 pandemic, notably in its targeted support through the National Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- *ensure disadvantaged pupils are challenged in the work that they're set*
- *act early to intervene at the point need is identified*
- *adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve*

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Assessments, observations and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. These are evident from Reception through to KS2 and

	in general, are more prevalent among our disadvantaged pupils than their peers.
2	<p>Assessments, observations and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with reading than their peers.</p> <p>On entry to Reception this year, 77% of our disadvantaged pupils arrived below age-related expectations compared to 66% of other pupils.</p>
3	<p>Internal and external assessments indicate that maths attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils.</p> <p>On entry to Reception this year 75% of our disadvantaged pupils arrived below age-related expectations compared to 62% of other pupils.</p>
4	<p>Our assessments, observations and discussions with pupils and families indicate that the education and wellbeing of many of our disadvantaged pupils continues to be affected by the impact of the partial school closures during the COVID-19 pandemic, and to a greater extent than for other pupils. These findings are supported by national studies.</p> <p>This has resulted in significant knowledge gaps leading to pupils falling further behind age-related expectations, especially in reading.</p>
5	Our assessments, observations and discussions with pupils and families have identified social and emotional issues for many pupils and a lack of enrichment opportunities. These challenges particularly affect disadvantaged pupils, including their attainment.
6	Our attendance data last year indicates that attendance among disadvantaged pupils was slightly lower than for non-disadvantaged pupils.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved oral language skills and vocabulary among disadvantaged pupils.	Assessments and observations indicate significantly improved oral language among disadvantaged pupils. This is evident when triangulated with other sources of evidence, including engagement in lessons, book scrutiny and ongoing formative assessment.

Improved reading attainment among disadvantaged pupils.	KS2 reading outcomes in 2024/25 show that more disadvantaged pupils met the expected standard.
Improved maths attainment for disadvantaged pupils at the end of KS2.	KS2 maths outcomes in 2024/25 show that more disadvantaged pupils met the expected standard.
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	<p>Sustained high levels of wellbeing by 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> · qualitative data from student voice, student and parent surveys and teacher observations · to continue to actively encourage participation in enrichment activities, particularly among disadvantaged pupils · to create a Forest School offer for all pupils, by training a member of staff to Lead Forest School; and to actively ensure participation for children who are identified as suffering from poor well-being.
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	<p>Sustained high attendance by 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> · the overall unauthorised absence rate for all pupils being no less than 95%. · the percentage of unauthorised absence for disadvantaged pupils being no more than 1% lower than their peers.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ [137,114]

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Purchase of standardised diagnostic assessments.</p> <p>Training for staff to ensure assessments are interpreted and administered correctly.</p>	<p>When used effectively, diagnostic assessments can indicate areas for development for individual pupils, or across classes and year groups:</p> <p>Diagnostic assessment EEF</p>	1, 2, 3, 4
<p>Embedding dialogic activities across the school curriculum. These can support pupils to articulate key ideas, consolidate understanding and extend vocabulary. We will purchase resources and fund ongoing teacher training and release time.</p>	<p>There is a strong evidence base that suggests oral language interventions, including dialogic activities such as high-quality classroom discussion, are inexpensive to implement with high impacts on reading:</p> <p>Oral language interventions Teaching and Learning Toolkit EEF</p> <p>Participation in Voice 21 programme</p> <p>https://voice21.org/</p>	1
<p>Purchase of resources to support Homework, Oracy and Maths lessons.</p>	<p>Strong evidence base that suggests using high quality resources improves the quality of teaching and learning.</p>	1, 2, 3, 4

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £ [45257]

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Engaging with the National Tutoring Programme to provide a blend of tuition, mentoring and school-led</p>	<p>Tuition targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, both one-to-one:</p>	3

tutoring for pupils whose education has been most impacted by the pandemic. A significant proportion of the pupils who receive tutoring will be disadvantaged, including those who are high attainers.	One to one tuition Teaching and Learning Toolkit EEF And in small groups: Small group tuition Teaching and Learning Toolkit EEF	
Additional phonics sessions targeted at disadvantaged pupils who require further phonics support. This will be delivered in collaboration with our local English hub.	Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks: Phonics Teaching and Learning Toolkit EEF	2
Additional Maths, Reading sessions targeted at disadvantaged pupils who require further support. This will be delivered by Teaching Assistants.	Intervention lessons targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, in smaller groups.	1, 2, 3, 4
Additional Maths and Reading sessions targeted at disadvantaged pupils who require further support. This will be delivered by Teachers and pupils will be in smaller groups.	Teaching targeted at specific needs and knowledge gaps can be an effective method to support low attaining pupils or those falling behind, in smaller groups.	1, 2, 3, 4

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ [79445.72]

Activity	Evidence that supports this approach	Challenge number(s) addressed
-----------------	---	--------------------------------------

<p>Whole staff training on behaviour management and anti-bullying approaches with the aim of developing our school ethos and improving behaviour across school.</p>	<p>Both targeted interventions and universal approaches can have positive overall effects:</p> <p>Behaviour interventions Teaching and Learning Toolkit EEF</p>	<p>5</p>
<p>The Pastoral Officer within school will support disadvantaged pupils families</p>	<p>Social and emotional learning approaches have a positive impact, on average, of 4 months' additional progress in academic outcomes over the course of an academic year (to be carefully monitored)</p> <p>https://educationendowmentfoundation.org.uk/educationevidence/teaching-learningtoolkit/social-and-emotionall earning EEF Guidance about Wider strategies focusing on : SEL, Well-being and Mental Health.</p> <p>https://educationendowmentfoundation.org.uk/support-forschools/schoolimprovement</p>	<p>6</p>
<p>General support for children to access activities, educational visits and get to school on time as appropriate. Based on our experience, we need to support some of our children to be able to access all the opportunities on offer and occasional support to get to school.</p>	<p>General support for children to access activities, educational visits and get to school on time as appropriate. Based on our experience, we need to support some of our children to be able to access all the opportunities on offer and occasional support to get to school.</p>	<p>ALL</p>
<p>Embedding principles of good practice set out in the DfE's Improving School Attendance advice. This will involve training and release time for staff to develop and implement new procedures and appointing attendance/support officers to improve attendance. Total budgeted cost: £ [261,816.72]

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

We have analysed the performance of our school's disadvantaged pupils during the previous academic year, drawing on national assessment data.

The data demonstrated that the performance of the disadvantaged pupils achieving Expected Standard in Writing and Maths significantly improved in 2022/23 compared to 2021/22, an increase of 29.9% in Maths and 26% in Writing. Both are significant improvements. In Writing 74% of the Pupils achieved expected standard, this is 3% higher than the national average for all pupils. Unfortunately the disadvantaged pupils achieving age related expectation in Reading was only 59%, this is a focus area for 2023-2026.

In Phonics, 76% of our Disadvantaged Pupils passed the phonics screening, this was 3% lower than the national average for all pupils.

We have also drawn on school data and observations to assess wider issues impacting disadvantaged pupils' performance, including attendance, behaviour and wellbeing.

Based on all the information above, the performance of our disadvantaged pupils are moving towards meeting our expectations, and we are at present to achieve the outcomes we set out to achieve by 2024/25, as stated in the Intended Outcomes section above.

Our evaluation of the approaches delivered last academic year indicates that the interventions on attendance, Phonics, Writing and Maths were effective but the strategies for Reading were less effective during the previous academic year.

We have reviewed our strategy plan and made changes to how we intend to use some of our budget this academic year.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.
