

# YEAR 2

Welcome back! We hope you have had a restful break and are ready for the fun that Spring term will bring!

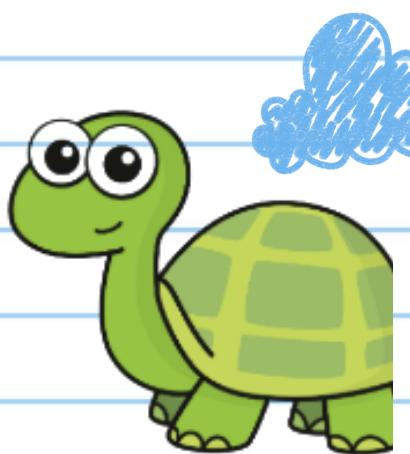

## English

We will become bird experts this half-term. We will be writing reports, a narrative about Plop and persuasive adverts for Martin Mere!

## Maths

In Maths, we will be looking at money, multiplication, division, length, height, mass, capacity and temperature. Please keep practising those addition and subtraction skills too!

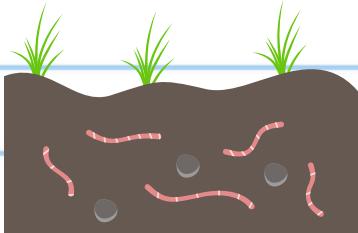

## Homework

Times tables are tested on a Tuesday afternoon.

Spellings are tested each Friday afternoon. Spellings will be set and shared on Spelling Shed. Please ensure any reading is logged on Boom Reader!

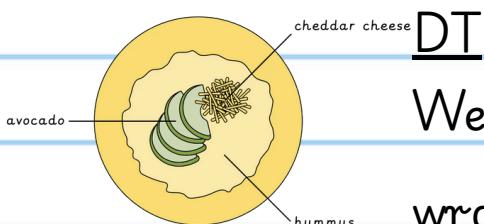

## Science

We will be learning about living things and their habitats.

## Art

We will be working collaboratively to create a piece of work inspired by Textiles artist Vanessa Barragão.

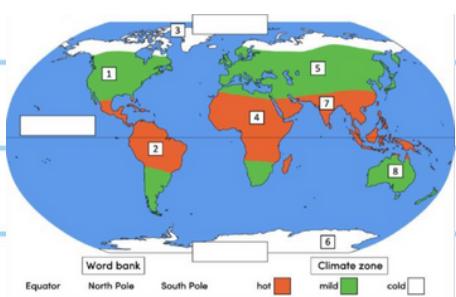

## DT

We will be creating our own delicious wraps in Food Technology!

## RE

We will be looking at Hinduism and Islam.

## Geography

We will be finding out all about hot and cold climates of the world. In Spring 2, we will be comparing Euxton to Chembakolli. Can you find out where it is located?

## PSHE

We will be learning about safety and the changing body in Spring 1 and citizenship in Spring 2.

If you read 3x or more in a week, you will be entered into our reading raffle!
