

## Accessing Remote Learning Using a PS4

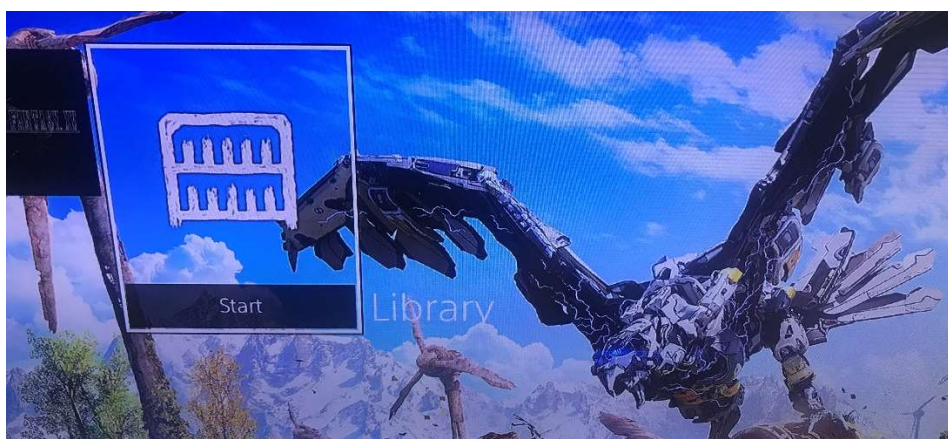

You will be able to access the majority of your work using your PS4's browser app, unfortunately you will not be able to access Live Teams meetings or watch Oak National Academy videos on your PS4.

Here is how to do it,

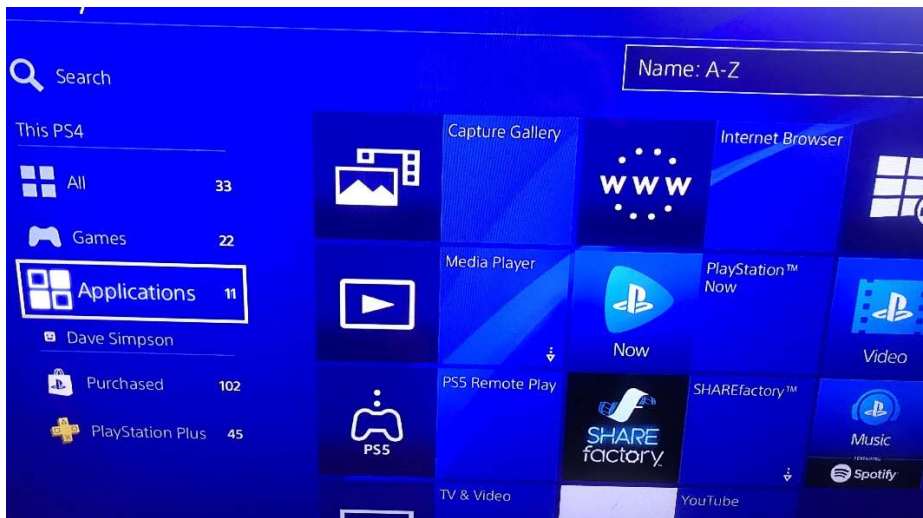

- 1) Turn on your PS4 and get to the home screen

- 2) Using your controller move all the way to the right until you see the Library icon

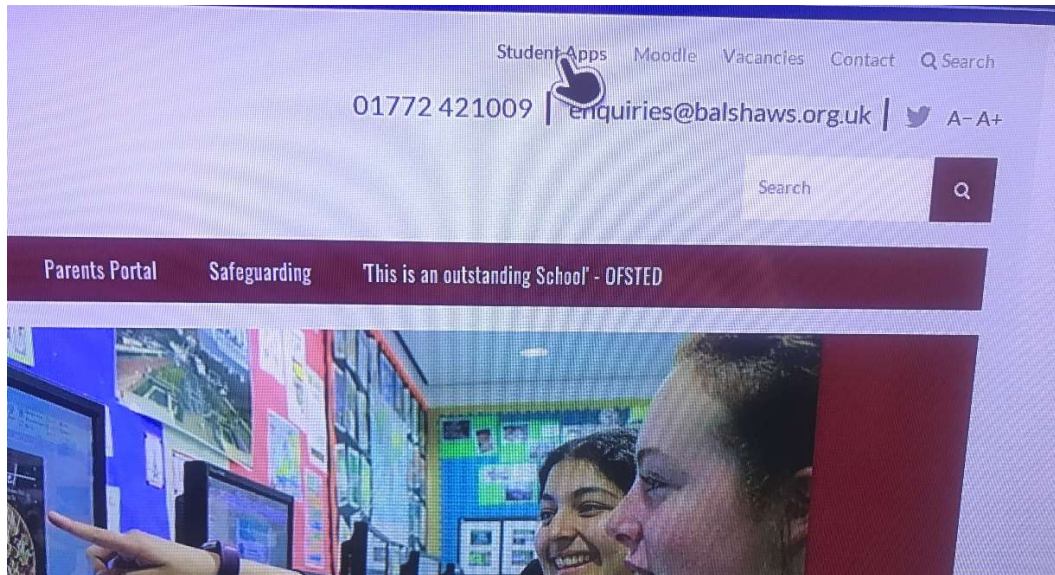

3) Open the Library and use your controller to move to the Applications section

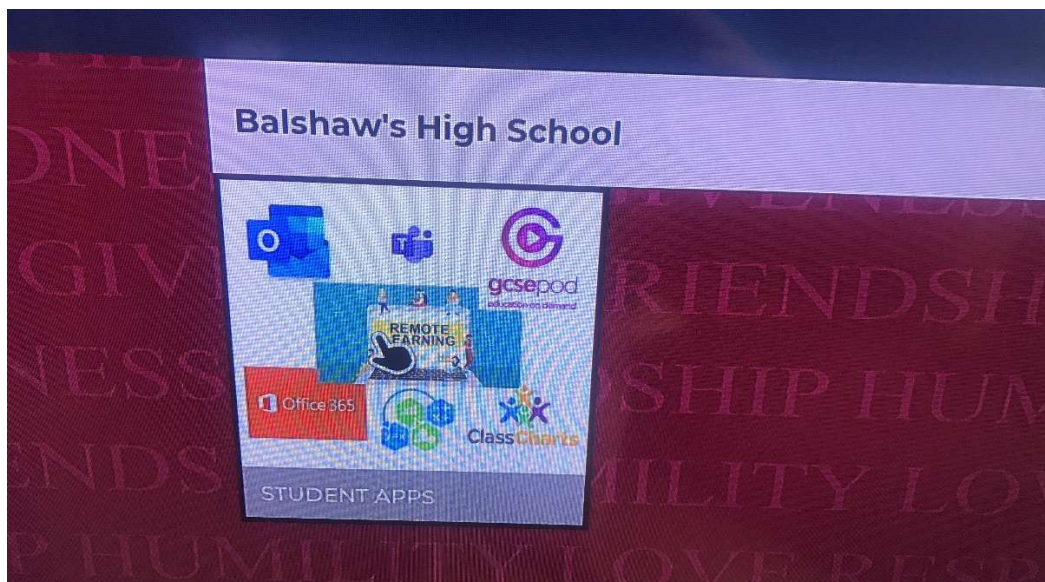

4) Select the Internet Browser icon

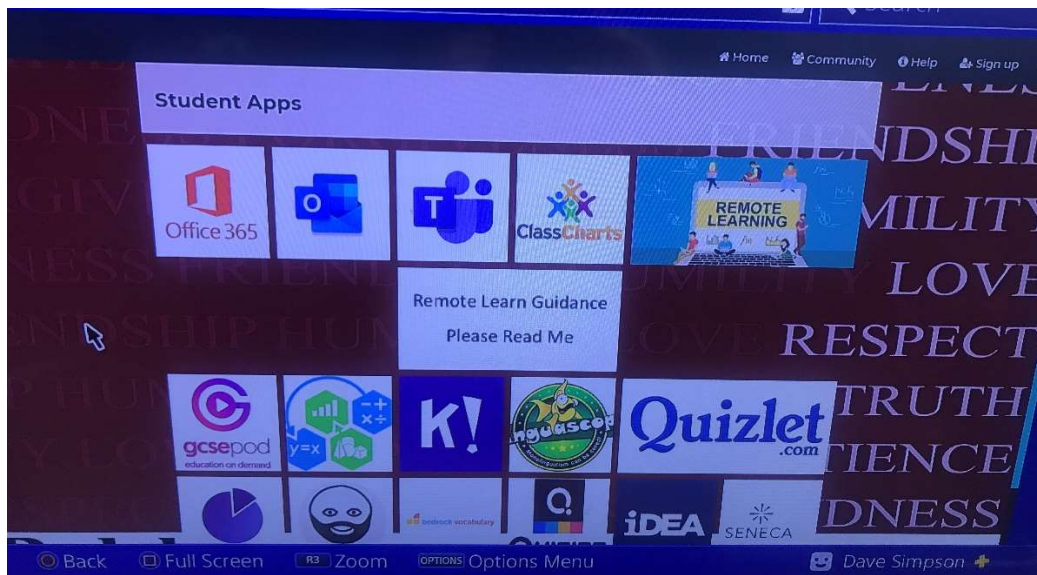

- 5) Once the browser is open, press “triangle” and type Balshaws into the search bar and use the controller to open the school website. Once open click on the “student apps” button

- 6) This will open the following page, click on the box shown

- 7) This will then open a page with links to all the relevant sites, just click on the one you want to access.

Once you have clicked on one of the links it will open in new window, you just need to log in to the sites with your normal log in details.
