

Dear Parent/Carer

Please find below information we have been sent by the Lancashire Fire and Rescue Team relating to concerns about Lancashire residents setting nuisance bonfires during lockdown which is clearly a concern and a waste of Fire and Rescue time during the pandemic. I have also attached an article to explain this in more detail from their website and some helpful information for young people and families to share.

<https://www.lancsfireandrescue.org.uk/say-no-to-home-bonfires-during-the-on-going-pandemic/>

Lancashire Fire and Rescue Service has provided information and materials with a request that this be shared with families and young people through the usual communication channels used by schools. The "Say no to bonfires package" attached (2) is a 3-sided PDF with information as follows:

- [Side 1 - information about the issue and 3 linked/embedded You tube films](#) PDF 18.71 MB
- [Side 2 - poster which can be printed to display or shared electronically](#) PDF 1.93 MB
- [Side 3 - contact details for district council departments](#) PDF 36 KB

As young people can be a positive influence there is also a colouring sheet.

I hope you find this information helpful.

Kind regards

Angela Wilson  
Deputy Headteacher
