**It has come to my attention today that children in Years 1 and 2 have Tik Tok on their devices at home. This app is recommended for 13 years and above and there is content which you may not realise your children are seeing. Please have a look for yourselves. Some images are frightening and bad language is also used. Children are also filming themselves and making those films public. Please monitor your children’s devices carefully and check that games and apps are set to “private”.**
