

Deer Class Spring term

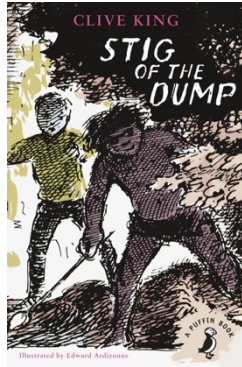

2022

Our work in English lessons is also following our class theme. We will be looking at

'Stig of the Dump'

as our whole class text, using this for our own writing inspiration! Our next class novel will then be 'Wolf Brother' which we will enjoy during the second half term.

In History we are going to be discovering incredible things about the Stone Age to the Iron Age: what life was like for people who lived then and what has changed over time!

In Geography we will be looking at the water cycle and how this has an impact on our planet.

Over the Spring term we are going to covering a range of different areas across the whole curriculum!

Our RE work will be looking at the key values

friendship

as we look at salvation as we move towards our Easter celebrations.

Our Art work for this term will link closely to our second half term of science. We will be looking at the environment around us and how we can use this in a safe and sustainable way to create artwork for other to enjoy.

In Science we are going to put on our experiment hats as we discover all about the human body, how it works and what it needs to function.
