

## Week 2 Summer Term

### Hello everyone

I trust that you are well and happy this week. I know that a lot of you are still busy with projects that were set before Easter and that some of you are involved with individual projects that I have discussed with you however I have listed below the core tasks that I would like you to do as per the timetable Mrs Knowles shared with you.

[Here is your core learning for the week](https://www.bbc.co.uk/bitesize/dailylessons)

If you have i player on your TV then watch an introduction to the daily Bite size lesson. These are fun and interactive and informative. It has explanations about what is to be covered on Bitesize daily.

The screenshot shows the BBC Bitesize website interface on a mobile device. At the top, the status bar shows 'vodafone UK', '14:36', and '55%' battery. The URL is 'bam.files.bbc.co.uk'. Below the URL, there are three lesson timetables for Year 3/P4, Year 4/P5, and Year 5/P6, all for the period Monday 27 April to Friday 1 May. Each timetable is a grid with days of the week as columns and subjects as rows. The subjects include English, Maths, History, Geography, Science, Religious Studies, and Music. Each cell in the grid contains a brief description of the lesson topic.

**Year 3/ P4 online lessons**  
Monday 27 April - Friday 1 May

Monday	Tuesday	Wednesday	Thursday	Friday
<b>English</b> Identifying adverbs	<b>English</b> Writing sentences	<b>English</b> Using apostrophes to combine words	<b>English</b> Using apostrophes to show possession	<b>English</b> Reading lesson: The Worst Witch by Jill Murphy

**Year 5/ P6 online lessons**  
Monday 27 April - Friday 1 May

Monday	Tuesday	Wednesday	Thursday	Friday
--------	---------	-----------	----------	--------

This is the timetable of activities and learning for this coming week. I have included year three and four in case you would like to access some of them too. Some is revision and some is new.

<https://www.bbc.co.uk/bitesize/dailylessons>

Click on the link above and it will take you to the Home Page.

Scroll down to find your child's year group

Click on that and it will take you to the daily lessons in Maths and English and a Topic lesson.

Follow the lesson. It has explanatory videos and activities.

If you want more practise then follow the link to further work sheets that have further guidance

<https://classroomsecrets.co.uk/free-home-learning-packs/>

Again click on your child's year group.

The Maths that your child has a lesson on above on bite size has a sheet as follow up.

You can either download and print the booklet or just write the answers in your exercise book.

**Mark sheets and guidance are also included.**

If your child is enjoying a topic and wants to do more, then there will be further resources on twinkl or purple mash to extend their interest.

TTR needs to be done weekly

Maths whizz needs to be done too. Remember to concentrate on the ones you can't do.

Nessy as often as is possible (only certain children).

I have added a replacement spelling menu for you to choose from to give you a bit more choice in how to learn your spellings.

I can see that the topic that Bitesize use is one that will be revision for you I think. I've been discussing with parents a topic that might be suitable to add alongside your learning. The favourite seems to be World War 2. This currently isn't on our two year overview anymore and it is really interesting so I will include some worksheets about it weekly and you can follow areas that might be of interest. Alternatively just stick to the topic on Bitesize.

Telling the time using an analogue clock has caused many a problem in the past so I'm going to send you some informal time work and an explanatory powerpoint.

Our topic in Science would have been Electricity so I will add some basics for that.

I really want you to have happy children in a happy home so please don't worry or compare the amount of work your child is doing. All children work at different speeds and most get there in their own time. I am really enjoying looking at your videos, stories, photos, haircuts and work. Keep it coming in. I am so proud of all of you. We are all in this together.

Lots of Love,

Ms Spark
