Dear Parents and Carers

This week, as a staff team, we have reviewed our current provisions for home learning to ensure we are giving the BEST we can to all our pupils.

First of all, during this review we all acknowledged and wanted to pass on, our thanks to parents, carers and families at home for the incredible support to home learning. The engagement on See-saw and through daily live lessons is just outstanding. You are all our heroes.

We feel that the current provisions in place are working well and will continue. However, we want to offer three additional things, starting from Monday next week:

1. Every Monday afternoon Miss Haigh is going to lead a live music lesson for all children to join, should they wish. To register your child please follow the link here to complete a simple Forms:

2. Teachers are going to offer additional lessons through Teams for any children who require further support understanding any of the core lessons of **phonics**, **maths** and **writing** set on See-saw each week. Please notify your child's teacher via email or through See-saw if your child needs some additional help – please let them know which subject and activity it was. An additional lesson will then be set up that week which your child will be invited to through the email.
3. We would like to offer some additional guidance for parents and carers around how to support learning at home. This may be recorded information sessions or documents to refer to. In order for us to tailor this please take a few minutes to complete the questionnaire in the Forms below (thank you to those who have already responded on the website – it is really helpful):

HOME
LEARNING
HEROES

We hope that the above points will help us support everyone who needs it to get the best out of their remote learning.

Keep doing what you are doing, you are all amazing and we thank you for being such champions for our children and school community.

Sending you all my best wishes

Kindest Regards

Mrs D Waddington.
