

Summary of Parental Survey October 2018

Here are some of the responses we received in our survey.

**I am happy with
School because.....**

Amazing leadership & excellent staff!

Class 3 has a very organised & structured plan for the term

It feels like one big family, & has great values

*Each child & parent are treated as individuals, & are made
to feel part of the school*

My child has flourished at this school

The staff really care about my children

My 2 children love school & are doing really well here

It is small, perfectly formed, caring and inclusive

*My child is happy & I know he is in a safe & caring
environment*

Good range of out of school activities

My wish for school is.....

For it to continue to grow & still be an outstanding school

To get more funding from the LEA for SEN pupils

Class blogs to share class learning

More Open Evenings to view the children's work

For more funding to develop & sustain itself

For a much wider range of sport activities, & clubs during
lunchtimes

A weekly assembly is not always necessary - maybe
monthly

For the children to go on more local trips, eg vets, fire
station

We are more than happy with everything at the moment -
keep up the good work!
