

Exam Clash arrangements

Because one or more of your exams were scheduled at the same time on the same day, one or more of your exams has been moved so there is no longer a clash.

To maintain exam security, you will have to be supervised at all times during the session(s) between your exams. The room and time for your supervision(s) will appear on your exam timetable. The new time of your exams is now on your timetable on Sapien for you to look at. Please note the following regulations:

- You must remain seated and under examination conditions after your first examination has finished. **Do not** leave with the other candidates
- You will then be collected by an invigilator for a supervised break along with your bag and belongings and make your way to the supervision room you have been timetabled for.
- You **must not** use your phone in any way or communicate with any students on the way to the holding room. Once in the room, you are expected to hand your mobile phones into the supervising staff members (not in your bags).
- Bring a packed lunch with you, you will not be able to visit 8SQ or any shops during this time. Students on the College bursary will be provided with food.
- Possession of a mobile phone or any other electronic communication or storage device is strictly prohibited
- You are not allowed to access the internet
- You are allowed to communicate quietly with students in your room and use the time to revise for your next exam.
