- Wednesday 22<sup>nd</sup> July 2026**  
3:15pm: Last Day of Term for Children

## Prayerful Reflection – 1<sup>st</sup> July 2026

As we near the end of our focus on the first Christians, we have looked at resilience: we have thought carefully about who inspires us and why. We try to remember that, when faced with setbacks, we have a choice to make: we can show our resilience by not giving up!

“Do not judge me by my success, judge me by how many times I fell down and got back up again.” Nelson Mandela

Loving God,  
You are with us always. Thank you for being with me during the joyful times of my life. Help me to remember You when I face challenges in my life, and to know that I do not face them alone.  
Amen.

## Thank You!!

Thank you for your understanding and support last week as we navigated the exceptionally hot weather. The heatwave presented challenges for everyone, but I was incredibly proud of how both our staff and children responded throughout the week. Their resilience, positivity and adaptability ensured that learning continued while we prioritised everyone's wellbeing and safety.

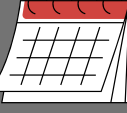

As we experience increasingly warmer summers, periods of extreme heat may well become more common in the years ahead. It is therefore important that, as a school community, we continue to reflect on our experiences and make sensible adjustments to ensure that children remain comfortable, safe and able to learn effectively during such conditions. We are grateful for the support and flexibility shown by families as we adapt when circumstances require us to do so.

I would also like to thank you for your understanding regarding the change of date for our Transition Day. We appreciate that alterations to planned events can sometimes be inconvenient, and your support has been greatly valued.

As a result, our children will meet their new class teachers for the next academic year this Friday. Transition Day is always an important opportunity for children to become familiar with their new classroom environment, meet their teacher and begin to look forward to the year ahead. We know that this experience helps to build confidence and excitement as they prepare for the next stage of their learning journey.

A further reminder that we will be holding our annual Keeping in Touch Day during the summer holidays on Wednesday 26<sup>th</sup> August, when the school will be open from 10:00am until 12:00 noon. This provides families with the opportunity to visit the school and, if they wish, spend some time in their child's new classroom ahead of the start of term. We know that many children find this visit reassuring and helpful in easing any first-day nerves after the summer break.

Thank you once again for your continued support, understanding and partnership with the school. We look forward to seeing the children enjoy their transition activities this Friday and wish all of our families a wonderful summer when it arrives.

Celebration of Work  
Come in and see your child's work
