The College's 130 annual lectures and events are free and open to all. The College has been recording its lectures since the 1980s and we live stream all lectures for those unable to attend in person. There are now over 2,000 lectures freely available online on this website and on [YouTube](https://www.youtube.com/user/GreshamCollege) - <https://www.youtube.com/user/GreshamCollege>

Gresham College is an independent institution funded from the estate of our founder, Sir Thomas Gresham. After his death in 1579, Sir Thomas' estate and control of his benefaction were left to the City of London Corporation and the Worshipful Company of Mercers, which operate through the Joint Grand Gresham Committee to support the College.

Lockdown Virtual Careers Fair With the UK's Top Employers!

The current situation we find ourselves in shouldn't stop students' early careers learning! Usually they'd have face-to-face resources such as Careers Fairs and Work Experience Programmes to help them work towards their future.

That's why Springpod is holding a Virtual Careers Fair, taking place on the 27th of January, which allows students to learn from companies such as HSBC, Network Rail, EY and Cancer Research UK.

Warwick Year 12 Sutton Trust Summer Schools

Warwick is one of 12 UK universities that are part of the Sutton Trust UK Summer Schools programme. Our summer school will take place from Monday 2nd August to Friday 6th August 2021.

We are hoping to deliver the summer school face to face, at the University of Warwick campus. However keeping students and staff safe is of paramount importance to us so we are keeping a close eye on government guidance and the developing situation. If we are unable to deliver the programmes face to face, we will have a blended or digital programme of support through our new platform Sutton Trust Online.

It is a fantastic opportunity for your eligible Year 12 students to gain an insight into studying their chosen subject and life at the University. They will be able to interact with Student Ambassadors who are current students at the University, attend academic sessions, try out fun activities and live away from home for four nights and five days in our halls of residence.

The summer school aims to encourage students to experience a university course that matches their needs and interests; as well as encouraging them to aim for the most competitive courses at the most competitive institutions.

Who is it for?

To be eligible you have to:

- Be attending, and have always attended, a state-funded school or college (non-fee paying) in the UK.
- Be in Year 12

We are also looking for applicants who meet the below criteria. The more of these criteria you meet, the more likely you are to secure a place.

- Have been eligible for free schools meals
- Would be in the first generation of their family to attend university
- Attend a school or college with a below-average A-level or Higher point score and/or a low rate of progression to higher education
- Live in a neighbourhood with a low rate of progression to higher education and/or a high level of socio-economic deprivation .
- Have achieved at least five A or 7 grades at GCSE, or five A or B passes at National 5, and where applicable, taken subjects relevant to the course applied for.

How to apply?

Applications will open on open on **Monday 11th January 2021** and close at midday on **Tuesday 2nd March 2021**.

If you would like to be notified when application start please give us your details via this link:

Information Update: Coronavirus (COVID-19) outbreak

We help place students aged 17+ in Year 13 or S5/S6 (Scottish equivalent) or undergraduate students in top UK companies and organisations every year, including, Rolls-Royce, EDF, Network Rail, Scottish Power and P&G. Typically, the programme lasts between 10-12 months and is a paid placement.

The Year in Industry has vacancies with companies working in technology, science, engineering, business and finance across the UK – from leading FTSE 100 companies to small innovative start-ups. Around a quarter of all our students are sponsored through university each year and many of our 300 partner companies see The Year in Industry as an important part of their graduate recruitment programme.
