

AQA GCSE RS Learning from home pack

We've put together a pack containing a collection of resources and activities to help support teachers and learners at this uncertain time of school closures.

This pack contains resources from the AQA GCSE RS series including a whole chapter from the Student Book, the accompanying chapter from the Workbook, plus digital resources from Kerboodle to help students **recap** and **remember** the topic of Christianity Beliefs and Teachings.

- Start by reading Chapter 1 from the Student Book and answering the activities there.
- Work through the Workbook, referring back to the Student Book if you need to.
- Watch the videos to recap the topic of salvation, and then answer the accompanying worksheet to check your understanding.
- Fill in the worksheet to summarise what you have learnt about the Trinity.
