

Teacher Assessed Grades

Maths

When are the assessments?

- Paper 1A: Thursday 22nd April (non-calculator)
- Paper 1B: Friday 23rd April (non-calculator)
- Paper 2A: Thursday 29th April (calculator)
- Paper 2B: Thursday 6th May (calculator)
- Paper 3A: Friday 7th May (calculator)
- Paper 3B: Wednesday 12th May (calculator)

Timed assessments

- 6 timed assessments
- Each assessment will last 45 minutes
- Those who receive extra time will receive their extra time allowance
- All assessments will be sat in your regular maths classroom
- Those with extra time allowance will be in a separate room
- All classes will sit the assessments on the same days
- **Formulae sheets will be given**

What happens if I'm ill or forced to self isolate?

- Ensure to engage in the Microsoft Teams revision lessons
- There will be mop up assessments that will be sat later in the term. These will be **different** to the ones you missed if you miss a lesson.
- Dates tbc of any subsequent assessments required

What happens if I do really badly on a test?

- The reason there are many assessments is to give you as many chances as possible at success, and for us to get as much evidence as possible that you are working at a particular grade
- We are looking for your scores to improve over time
- If you do really badly on a test – do not panic – your grade will not be based on **any one** assessment

What support will there be?

- A **weekly revision list** giving you topics to prepare for the following week
- A **mathswatch task** matching the revision list (the same across all higher sets, and the same task across all foundation sets)
- **Weekly targeted revision packs** based on upcoming topics

How do I prepare?

- Complete the **weekly mathswatch task** as this will help you practice key topic areas
- If you get stuck on any questions on the mathswatch – watch the videos and try the additional interactive questions
- Complete some revision over Easter – little and often is key
- Utilise the practice sets over Easter for exam practice
- Try not to panic!

How will I be awarded a grade?

- Your grade will be awarded based on a number of different upcoming assessments
- Your grade will be determined once all marks are in and will be awarded at a departmental level
- Additional evidence collected across the year could be provided to support your grade

Can I have my score?

- Your timed assessments will be marked initially by your teacher
- These will then be anonymously moderated internally by other teachers to ensure fair and consistent marking
- Initially you will not get your score back
- Feedback will be shared following the assessment, **but you will not receive your original paper back** as this will still need to undergo moderation
- No grades will be given

What grade did I get on the last assessment?

- Do not ask this!
- Teachers will not know grade boundaries so do not ask.
