

# Collective prayer - February 2nd

Lord God,

Today is the feast of the presentation of the Lord. Just as Jesus was presented in the temple, we present ourselves now. We ask that you accept and bless each one of us today and accept our presentation before you.

Amen

*He has saved us and called us to a holy life—not because of anything we have done but because of his own purpose and grace. This grace was given us in Christ Jesus before the beginning of time,*
