

BISHOP CHALLONER CATHOLIC COLLEGE

Examination Anxiety

Students who have examination anxiety re: forthcoming public examinations can only be moved from the Auditorium, i.e. the main venue for all public examinations, to an alternative, smaller venue, if they provide the following medical evidence:

1. a referral from the Child & Adolescent Mental Health Services (CAMHs) **or**
2. a referral from an Health & Care Professions Council (HCPC) Registered Psychologist **or**
3. a referral from a Hospital Consultant or Psychiatrist.

A medical note from a General Practitioner (GP) will not suffice. It must be one of the above

We are required to have this evidence on file in the event of a public examinations inspection throughout the summer term.
